Roosevelt in Nobel Prize Address Advances Disarmament and Doctrine of Peace by Force

VENTURES IN FIELD OF OLD WORLD POLITICS

Christiania, Norway, May 5.—Former President Roosevelt delivered his address on "International Peace" before the Nobel prize committee today. The former president entered upon the difficult field of European politics and in the conclusion of a carefully worked out thesis advocated an international agreement that would serve to check the growth of armaments, especially naval armaments, and the formation by those great powers honestly bent on peace of a league of peace, "not only to keep the peace among themselves, but to prevent, by force if necessary, its being broken by others."

Privately Urges Doctrine.

What Mr. Roosevelt had to say today before the king and queen of Norway and other representative personages constituted the basis of the private conversations which he is having with the statesmen of Europe as occasion arises, concerning the practical possibilities of collective action by the various governments for the enforcement of universal peace.

Mr. Roosevelt said that it might be borne in mind ever that the great end in view was righteousness, and he explained that peace, generally good in itself, was never the highest good unless it came as the handmaid of righteousness. It became a very evil thing when it served merely as a mask for cowardice and sloth or as an instrument to further the ends of despotism or anarchy. "No man is worth calling a man," said the speaker, "who will not fight rather than submit to infamy or see those that are dear to him suffer wrong."

Applies Principle to Nations.

This principle Mr. Roosevelt applied to nations. Having admitted the limitation to the work for international peace, Mr. Roosevelt set forth how, in his judgment, the cause could be advanced. In the first place there should be effective arbitration treaties between really civilized communities. Then there should be a development of The Hague tribunal, of the work of the conferences and courts at The Hague. In the third place a way should be found to check the growth of armaments, and finally it would be a master stroke for the power sincerely desiring peace to establish a league of peace with international police power competent and willing to prevent violence between nations.

The address was received with expressions of appreciation and at its conclusion John Lund, vice president of the Nobel prize committee, paid a tribute to Mr. Roosevelt and to the nation of which he was formerly the chief executive.

Had Distinguished Audience.

Ex-President Roosevelt discussed the subject of "International Peace" before the Noble Prize committee, members of royalty and other personages distinguished in the political, educational, commercial and social life of Norway.

The Noble Prize committee, the members of which are elected by the Norwegian storthing, conferred upon President Roosevelt its medal and money reward in recogition of his services in bringing to a conclusion the Russo-Japanese war.

Mr. Roosevelt's discourse was made with something of the solemnity of a religious aspect in the large auditorium of Christiania, the national theater, and in the presence of King Haakon, Queen Maud, members of the cabinet and of parliament and hundreds of the most progressive and influential personalities in the kingdom.

Mr. Roosevelt's Address.

Mr. Roosevelt's address before the Nobel Prize committee on "International Peace," was as follows:

It is with peculiar pleasure that I stand here today to express the deep appreciation I feel of the high honor conferred upon me by the presentation of the Nobel Peace Prize. The gold medal which formed part of the prize I shall always keep, and I shall hand it on to my children as a precious heirloom. The sum of money provided as part of the prize by the wise generosity of the illustrious

REACTIONARIES CLAIM CONTROL

Declare They Have Forty-seven Senators in Line for New Program.

FORTY-FIVE OPEN; TWO UNDER COVER

If Taft Will Make Use of the Big Stick His Program Will Prosper.

Washington, May 5.—Forty-five senators, all conservative, or "regular," are said to have joined in the movement to formulate a new administration legislative program.

Two more are claimed as positively, but the regular republican leaders say they do not care to subject these men to embarrassment by disclising their names at this time.

The new organization, which was begun yesterday, was made by the conservative republicans in the efforts to maintain control of the senate machinery.

Much depends upon the success of President Taft's harmonizing differences that may arise.

The president will be back in Washington tomorrow. If he is willing to swing the "big stick," as the regular republicans say he is, the confidence of the "regular" organization appears to be justified. The work of the organization in lining up senate members proceeded today with the understanding the senate would adjourn until Monday.

Those Past Redemption.

The forty-five republican conservatives who have undertaken to stand together to establish a firm control of the senate proceedings and put through what remains of the administration program, class Beveridge, Bristow, Clapp, Cumins, Dolliver and LaFollette, insurgents, as impossible to convert.

The men on whom the regular republicans are still working and who will receive the attention of President Taft include: Borah, Bourne, Brown, Burkett, Crawford, Dixon, Gamble and Nelson.

Only Near Insurgents.

All of these men have voted with the insurgents from time to time. They have refused, however, to be called insurgents and have been found in the ranks of the regulars at least half of the time. The purpose of the regular republicans is to get a majority of the senate so that the charge cannot be made that they formed a coalition with the democrats to put through party measures. At the same time they claim they can count on certain democratic votes when needed.

TAFT MEANS BUSINESS.

Cincinnati, May 5.—President Taft passed through here this afternoon on his way back to Washington. He is due in the capital early tomorrow morning and already has indicated his purpose of devoting Friday and Saturday to important conferences regarding the railroad bill. That Mr. Taft has been in touch with the situation to the limited extent of telegraphic and long distance telephone communication and that he is heartily in sympathy with the aggressive at-

NOW WORKING IN COMMITTEE FORM

Steel Workers Refer a Big Grist of Resolutions on Many Topics.

TREND IS TOWARD ADVANCE IN SCALE

General Feeling is That Committee Will Recommend an Increase.

Referring a big grist of resolutions which had been submitted on many topics, including the wage scale for the new year, to the various committees which must thresh them out and report to the convention, the Amalgamated Association of Iron, Steel and Tin Workers of North America held but a brief general session today.

With the adjournment the various committees went into executive session to discuss the questions submitted and to frame their reports upon which the subjects will later come before the convention for discussion and final decision.

Trend Is Toward Advance.

Naturally overshadowing in interest all the others is the work of the scale committee, which has before it the monumental task of framing a wage scale for the ten thousand iron, tin and steel operatives in the United States during the year beginning July 1, and which after its adoption by the convention will be submitted to the mills owners for ratification.

Every precaution is taken to guard the deliberations of this as well as the other committees of the association, and perhaps no living man is now able to say precisely what will be recommended by the committee. However, there is distinguishable among the delegates a distinct trend of opinion that an advance over last year's scale should be demanded. This is entirely natural in view of the advancing cost of living and the general upward trend of prices, and those who have attempted to size up the general trend of convention sentiment are of the opinion that the scale finally formulated will provide for some increases. The 1907 scale, regarded by many of the delegates as the best ever arranged by the association, appears to be in particular favor at this time.

BEN HURS HERE OVER 2,000 STRONG

Holding Two Days' Session of Northern Indiana Fraternal Congress.

GLAD HAND GIVEN TO THE VISITORS

Extended by Mayor Grice and Ben Hur Chiefs—Chief's Address.

The Tribe of Ben Hur, two thousand strong in its invading force, is here today and will remain in the city as its guests, in attendance on its Northern Indiana Fraternal Congress, throughout tomorrow. They come from the cities and towns over the northern part of the state and are meeting in convention at the Saengergund hall, deliberating during the session on matters of interest to the order.

The early forenoon trains and interurban cars brought in many delegates and at 1:30 o'clock this afternoon, when the congress resumed its sessions, Saengerbund hall was crowded with members of the order. The forenoon session was devoted to roll call and the hearing of the reports of the committees on credentials, program, etc., and it was not until afternoon that the congress was called to order in regular form with the district chief, John W. Rohlman, of this city, presiding.

Welcome Addresses.

Mayor Jesse Grice delivered the welcome address on behalf of the city and Ray McAdams on behalf of the Fort Wayne courts, both of them extending a warm welcome to the visitors, and then came the annual address of the chief, Mr. Rohlman, who supplemented the welcome extended by the other speakers.

"We are here," he said, "to aid each other in the great work of benevolence and honor. The object of these meetings is to foster the fraternal spirit and to become better acquainted with the principles of the order and with each other and to suggest ways and means for the improvement of the work in which we are engaged."

He then spoke of the remarkable growth of the order, which, when it started in 1894, had 759 members. Today its membership is 112,814 and it has a surplus of $1,434,408.31 in its treasury. It has paid out to the families of deceased members nearly eight millions of dollars benefits.

He concluded with paying an eloquent tribute to David W. Gerard, one of the founders of the order and supreme chief, whose death had occurred during the past year.

Exhibition Drill by Ladies.

Then followed an exhibition drill by

GERMS OF RACE WAR ARE PRESENT

Foreign Miners in Region of Danville on March and in Bad Mood.

TRY TO DRIVE MEN FROM THE MINES

Declare They Are Being Discriminated Against on Account of Race.

BULLETIN.

Danville, Ill., May 5.—Sheriff Helmick this afternoon requested Governor Deneen to call out the militia in order to prevent possible trouble at Westville. The governor immediately ordered the companies at Danville and Champaign to assemble under arms and report to the sheriff.

Danville, Ill., May 5.—Claiming they were being discriminated against in work at the mines at Westville, Kellyville and South Westville, between seven and eight hundred miners, mostly Slavs, Lithuanians and Italians armed with baseball bats, sticks and stones, gathered at Westville this morning and marched on the mines, determined to drive out every man who was found at work. At Kelly mine No. 4, thirty men were called out and the leader of the crowd talked to them. They were asked to join the strikers. The Little Vermillion mine was next visited, where the same number of men were prevailed on to join the strikers. There is only one more mine in the district where men are employed and it will be visited this afternoon.

Claim Race Discrimination.

The men composing the mob claim they are being discriminated against because of their nationality and, while they claim they are peaceably inclined, they must be given an equal chance with the Americans to work.

Sheriff Helmick and a force of deputies are on the scene, and while the sheriff says he does not anticipate any trouble, he is prepared. He says none of the men is armed with anything more deadly than a club.

Yesterday afternoon there were numerous meetings of miners at Westville and it was determined to serve notice on the English-speaking miners that they would have to stop work at once.

Notices Were Posted.

Notices of this nature were posted at the Bunsen mines last night, and the crowd this morning, seeing that the notices were not obeyed, marched on the mines to insist that the men quit. It is purely trouble between the different nationalities, and it is feared the hot-blooded foreigners will invite trouble.

There is much dissatisfaction among the miners on account of the mines being closed and this has goaded them to a point where many are said to be desperate.

A telephone message from Westville at 10 o'clock this morning brought the information that the miners had left the South Westville mines and were marching on the Little Vermilion mines, two miles further south. Sheriff Helmick says the men are unarmed and he anticipates no trouble. Sticks and stones were freely used at Kelleyville, but no one was injured. A member of the miners' organization issued a statement in which he said that there would be no trouble.

At Work Pending Agreement.

He said that all of the men who had returned to work pending an agreement between the miners and operators quit last night and not a single man was at work this morning. The mine managers, who asked the sheriff for help, think the situation warrants it. Helmick is prepared to throw an armed force around the mines if it becomes necessary. At this hour all is quiet, but as the trouble is among foreigners

NO BREAD, NEITHER CAN THEY EAT PASTRY

Strike of Bakers in New York is Having a Very Serious Effect.

New York, May 5.—Bread was more plentiful here today, but there were still evidences enough that the strike of the bakers in the big shops was seriously affecting the supply.

Pastry was even more scarce than bread, owing to the concentration of the baking forces of the big establishments upon the task of bread making. The large bakeries claim to be making excellent headway against the walkout of their men, but the latter assert that few strike-breakers have been secured and declare their ranks not only are holding firm, but that important accessions are in sight.

The French bakers are now demanding concessions from their employers and threaten to strike on Saturday, which is also the day set by the strike leaders for a general walkout of bakers if the employers do not come to terms before then.

EXTRA

MINE EXPLOSION TAKES 185 LIVES

Palos Mines, Near Birmingham, the Scene of Frightful Disaster This Afternoon

BELIEVED NO ONE IN MINE SURVIVED

Black Damp Fills Shaft and It Is Impossible to Enter Mine in Effort to Rescue

Birmingham, Ala., May 5.—An explosion in the mines of the Palos Coal and Coke company, thirty miles from Birmingham, this afternoon at 1 o'clock, killed, it is believed, over 130 men.

The first man found dead was 150 feet from the entrance of the mine.

The chief state inspector and First Aid to Injured society members are flocking to the place.

A special train has left Birmingham for the scene.

Impossible to Enter Mine.

Now reported 185 men were in the Palos mine and all are daed. Impossible to enter mine at present owing to black damp.

A great crowd surrounds the mouth of the shaft and vast excitement and intense confusion prevail.

It is not believed that any whom the explosion may have spared can have survived the black damp with which the mine is filled.

Rescuers will be sent in as soon as it is possible ot penetrate the mine to any distance.

Rescuers of the federal geological survey with their apparatus are here and preparing to get into the mine by means of safety appliances.

Between 150 and 200 miners were entombed in mine No. 3 of the Palos Coal and Coke company by the explosion. A roll of flame shot out of the mouth of the mine with a tremendous report. So great was the shock that a mail clerk, J. Goosby, 100 yards away from the mouth of the mine was instantly killed. At 3 o'clock three bodies had been taken from the mine but rescue work was checked by the presence of black damp. It is feared that all in the mine have been killed.

The scene of the accident is in the same district where occurred recently the explosion at the Mulga mine, in which forty-one lost their lives.

GOVERNMENT AGENTS THERE.

Pittsburg, Pa., May 5.—The United States geological survey station here was informed by the Associated Press of the disaster in the Palos mine. Officials said that J. J. Rutledge, chief of the Knoxville, Tenn., geological station, is already in Birmingham and will proceed with rescue apparatus at once to the scene.

INSTRUCTED TO GIVE AID.

Washington, May 5.—Geological Survey Mine Rescue Experts J. J. Rutledge and George F. Rich, who were in Birmingham investigating the Mulga disaster have been instructed to proceed with all haste with their rescue equipment to the Palos mine and render every possible assistance.

WILL VOTE TONIGHT ON QUESTION OF STRIKE

Union Freight Handlers in Chicago Ask for More Wages.

Chicago, May 5.—Whether four thousand union freight handlers of twenty-three railroads entering Chicago shall stand pat for a flat ten per cent increase in wages for hour men and five dollars a month for others and go on strike tomorrow, or accept the compromise terms offered by the roads will be determined by a vote to be taken tonight. More than three thousand of the men who quit work yesterday afternoon returned to work today pending the outcome of the balloting. Only two roads, the Chicago Great Western and the Rock Island have accepted the terms presented by the employes.

WAGE NEGOTIATIONS ON.

Philadelphia, May 5.—Representatives of the conductors and brakemen of the Philadelphia & Reading railroad are in negotiations with A. T. Dice, general manager of the company, for an increase in wages.

They were not included in the six per cent advance made effective from April 1. An amicable agreement is fully anticipated, probably this week.

AWARD THE B. & O. RATES.

New York, May 5.—E. E. Clark and P. H. Morrissey, the arbitrators in the New York Central wage dispute today awarded the Baltimore & Ohio rates on the N. Y. Central lines east of Buffalo, including the Boston & Albany, with the exception of the through passenger runs for conductors between New York and Albany. These will get a lower rate of pay.

THE WEATHER.

Washington, May 5.—Forecast for Indiana—Showers late tonight or on Friday; slightly warmer Friday; light to moderate east winds.

Ohio—Fair tonight, with frost; Friday fair, slightly warmer; light to moderate northeast to east winds.

Lower Michigan—Fair tonight, with frost probably heavy in central and western portions; Friday fair, slightly warmer; moderate east to southeast winds.

Illinois—Fair and slightly warmer tonight, with possibly light frost in northeast portion; Friday increasing cloudiness, with showers in south and west portions.

MORE ARRESTS FOR WHITE SLAVE CRIMES

Evidence Obtained in New York Will Involve Many Others.

New York, May 5.—Additional arrests were expected today in the "white slave" crusade as the result of the statements made to District Attorney Whitman last night by Harry Levinson, the self-confessed "white slaver."

Levinson's sensational account of "stockades" where girls are kept ready for delivery is believed to have been accompanied by revelations of other secrets of the traffic and of names upon which the prosecution officials may work to round up additional traffickers in women for immoral purposes.

Levinson Pleaded Guilty.

Levinson who has pleaded guilty to one charge was arrested with Bell Moore, the mulatto woman, and Alexander Anderson, charged with being dealers in young white girls.

The arraignment of the Moore woman and Anderson was set for today and it was expected that through counsel, they would make every effort to obtain the names of those who testified against them before the grand jury.

These names Mr. Whitman has indicated, he does not purpose to reveal at this time. His investigators include two college women who were active in getting evidence against the slavers and who arranged for the purchases which the Whitman agents have testified to having made.

They are ready, it is said, to testify at the trial and the officials meanwhile are shielding them from the notoriety from which they shrink.

LITTLE CASH; RICH PAPERS.

Cracksmen Blow a Safe at Newell, W. Va., and Get Away.

Newell, W. Va., May 5.—Safe blowers who early this morning blew open a large safe in the offices of the North American Manufacturing company secured only $200 in cash, but succeeded in getting away with valuable negotiable papers and mortgages. Blood hounds set upon the trail of the robbers have followed the scent to the Pennsylvania station in East Liverpool, Ohio, where it is believed the safe blowers boarded a train.

ROOF CAUGHT FIRE.

Sparks from the chimney set fire to the roof of the one story brick residence of Mrs. Mary E. Trentman, 515 East Wayne street, at 11:28 o'clock this forenoon. The department made the run. The loss was $15.

WANT TO KNOW OF BULL POOL IN COTTON

House Asks Attorney General Who is Being Prosecuted.

Washington, May 5.—The house judiciary committee today reported favorably a resolution offered by Representative Craig (dem.) Alabama, calling upon the attorney general for information concerning the prosecution by the department of justice of the alleged "bull" pool in cotton. The resolution asks if anybody is being prosecuted for attempting to depress the price of cotton.

RAIL BILL AMENDED.

Washington, May 5.—The house adopted by 160 to 177 an amendment to the railroad bill, providing that when a railroad in competition with a water route lowers its rates, such rates cannot be increased without showing on the part of the railroad of new reason for such increase.

An amendment by Mr. Hardy, of Texas, empowering the interstate commerce commission to fix railroad rates was defeated 63 to 88.

On motion of Mr. Sims, of Tennessee, the bill was amended so that if a railroad does not pay within the time limit damages awarded by the interstate commerce commission, the persons interested may take action to enforce such award in state or federal circuit court.

GRANT TWO BATTLESHIPS.

Washington, May 5.—The demand of the administration for two new battleships will be granted, the senate committee on naval affairs having practically decided today to accept the provision of the house bill on this subject.

TAFT TOLD WHAT IT WAS THAT AILED PINCHOT

Ballinger Offers Letters of the President in Evidence.

Washington, D. C., May 5.—Secretary Ballinger read to the Ballinger-Pinchot investigating committee this afternoon a letter received from the president last September in which Mr. Taft said the weakness of Pinchot lay in "his inability to credit high and honorable motives to those who differed with him as to his method of doing things."

Mr. Ballinger said that since Pinchot's dismissal there had been a reversal of the policy of the forestry bureau which had full sway when Pinchot was in charge.

Garfield Unfair and Untruthful.

"It was not a fair or truthful statement," explained Secretary Ballinger, referring to a sentence in former Secretary Garfield's letter to the president last November, which read "He (Ballinger) directed the reclamation service to prepare lists for restoring the withdrawn lands, but to do so slowly in order not to attract public attention."

Mr. Ballinger said that while he had no desire to reflect on the previous administration, which had withdarwn the lands unlawfully, he believed he had issued no such order and that all the lands actually had been restored in three weeks.

AMERICAN ACTRESS WEDS.

New York, May 5.—Cable dispatches received here today announced the marriage in London last night of Max Berbohm, the writer and critic, to Miss Florence Kahn, an American actress whose home is in Memphis, Tenn. The ceremony was performed in great secrecy.

KING EDWARD ILL.

British Monarch Has Bronchitis and Anxiety is Felt.

London, May 5.—A bulletin issued at 7:30 o'clock tonight says:

"King Edward has bronchitis. The condition of his majesty causes some anxiety."

London, May 5.—King Edward is suffering from a severe bronchial attack. His majesty has been confined to his room for two days and today his condition was such that he was not able to go to the railway station to meet Queen Alexandria, who returned this afternoon from the continent.

KILLS SELF ON WAY TO JAIL.

Kentucky Farmer Declined to Face Criminal Assault Charge.

Augusta, Ky., May 5.—Wm. Teel, a farmer who was arrested on the charge of attempted criminal assault upon a young girl, committed suicide by shooting himself while being taken in a buggy by Marshal Sears to Brookville, Ky., for safekeeping.

Marshal Sears secured a buggy and started with his prisoner for the Brookville jail. On the way Teel drew a revolver from his bootleg and shot himself through the heart.

BOY HAD DRUNKEN MOTHER.

That Is a Part of Defense Offered for Young Hoal.

Corydon, Ind., May 5.—The prosecution rested today in the case of Thomas Jefferson Hoal, charged with the murder of J. Hangary Fawcett, the New Albany banker, and the defense announced that it would present six witnesses. William Hoal, father of the defendant, took the stand and related incidents in the boy's life tending to show him mentally defective. His testimony was based chiefly on the assertion that the boy's mother was addicted to the excessive use of intoxicants, both before and after the son's birth. "Tom was always sullen and morose," Hoal testified. "The only things interest him was peanuts and dime novels." The court then took a recess to await the arrival of a train bringing witnesses from New Albany. The case may go to the jury late tonight.

HUSBAND SAYS WIFE ALREADY HAS A DIVORCE

Thinks She Ought to be Satisfied With It—The Courts.

Joseph Barrand thinks his wife ought to be satisfied with one decree of divorce and he says so in an answer filed in the superior court today, which reveals the fact that the wife probably forgot her real name when she filed her first suit.

He sets up that in October, 1905, she sued him under the style of Clara Barnes against Joseph Barnes, as they were generally known by that name; that he filed his answer and put the case at issue and that in a short time she was given a decree.

A short time ago she filed another suit, but in the right name, and in his answer to this he sets up the fact that they have been divorced once, although there is a confusion of names.

Fred Bryson Given a Chance.

None of the testimony introduced against Fred Bryson in the city court was filed with Judge O'Rourke in the circuit court today when the case was taken up on appeal and as a result a most dangerous moral leper escaped with $25 and costs and ten days, instead of $200 and six months given him by Judge J. Frank Mungovan. He passed some most revolting pictures to school girls and gave the police an awful chase landing him. The pictures were in the hands of the police and could easily have been put in evidence had the state so desired.

Says He Never Provided.

Ethel Crandall says in her complaint against Robert Crandall that he never provided for her from the time of their marriage on July 3, 1909, and that he advised her to procure a divorce and said he would not provide a home for her. Emrick and Emrick filed the complaint.

Granted a Decree.

Nora M. Warner filed a divorce complaint against Frank M. Warner in the superior court today and the decree was granted right off the reel. He is a clerk in a cigar store and she charges that he never clothed her properly or provided for her, accused her without cause of infidelity, called her such vile names that she could not put them in the complaint and struck her on several occasions. They were married in July, 1907, and Judge R. B. Dreibelbiss filed the complaint.

Asks for Damages.

Otto Rohland has asked $300 of the Fort Wayne Outfitters company for personal injuries alleged to have been sustained when an auto truck ran him down at Main and Calhoun streets. William Fruechtenicht filed the suit.

NOW WORKING IN COMMITTEE FORM

[Continued from Page One.]

Committees Are Scattered.

Other committees now at work include that on ways and means, officers' reports, good of the order, benefits and auditing, and these are holding their sessions at various places. A number of them are meeting at the Anthony, others at the Commercial club rooms and still others at the Wayne club. The convention proper was in session but half an hour this morning for the submission of resolutions, and this plan will be followed daily until the committees are prepared to report. It is probable that these reports may not be submitted before early next week, and the wage scale committee has the right of way and will be the first to make its report.

Would Enlarge Its Scope.

Enlargement of the scope of membership of the association to include all labor about the blasting furnaces was recommended Wednesday by President McArdle, including amalgamation, if possible, with the Tin Plate Workers' International Protective association. The latter includes the surfacers in the tin plate mills, while the major organization, now in convention here, comprises the hot mill workers, who turn out the sheets. The trend plainly is now to bring within the ranks of the Amalgamated, which now includes only the most skilled labor in the iron, tin and steel industries, all the workers identified with the craft. In all probability action to this end will be taken before the Fort Wayne convention adjourns.

Something like 20 per cent. increase in membership for the past year was reported by Secretary Williams, and the growth is in both individual members and in local unions, of which 150 are now affiliated with the association.

Benefit Department Prospers.

The benefit and insurance department, of which Joseph Bowers is at the head, was reported in most excellent condition. This provides a fund from which sick, accident, disability and death benefits, the latter both for members and wives of members, are paid. During the past year the department has paid 443 sick claims, while twenty members have died and twenty-seven wives of members have passed away. The department was established six and one-half years ago, and in the interim 303 death claims have been paid.

Vice President Jones, for the boiling and finishing division, reported on his department for the year, dealing largely with conferences held and differences adjusted. Ben I. Davis, managing editor of the Amalgamated Journal, submitted a report on the affairs of the official publication of the association. All the reports went to the committees for action.

Memorial Program Sunday.

The annual memorial service in honor of deceased members and their wives will be held Sunday morning at 10:15 o'clock at the Lyric theater, and Joseph A. Bowers, the head of the benefit department of the Amalgamated association, will preside as chairman. The program is as follows:

Supreme Officers Here.

Present at the meetings and participating in the sessions are John C. Snyder, the supreme chief of the order; Gilbert Howell, the editor of the Chariot, the official organ of the Ben Hur, and G. Bowers, the supreme state organizer, all of Crawfordsville, Ind., which is the national headquarters.

Very many of the visitors in attendance are the guests in the families of home members. Others are stopping at the hotels and in private boarding houses.

After the adjournment of the congress this evening all the delegates were taken to the First M. E. church, where a 6 o'clock supper was served by the ladies of that congregation.

FIVE VAGS AND A DRUNK.

Judge Mungovan had five vags and a drunk on his docket this morning and he let three of the vagrants go and told the drunk to get out of town. Two lads were held until tomorrow and the day after and the whole bunch gave assumed names.

LOOK OUT FOR KING.

Officers at Warsaw asked the police today to look out for Lionel King, gang foreman on the Pennsylvania road, who left there at 7 o'clock last night with a boy 7 years old. He is familiarly known as "Al" and it is believed he is temporarily insane.

A WELL KNOWN FORT WAYNE MAN GETS HONORS

Fred Conrady Vice President of the Indiana Royal Arcanum.

William Haas and F. G. Conrady, the former the representative of Howard council, No. 246, Royal Arcanum, returned last evening from Indianapolis, where they attended the biennial meeting of the Indiana grand council. The meeting was one of the best the grand council ever held and the reports of the retiring officers showed the order to be in a most prosperous condition. The following officers were elected: Fred Falk, Indianapolis, grand regent; F. G. Conrady, Fort Wayne, grand vice regent; John H. Stier, Aurora, orator; E. E. Schroer, Indianapolis, secretary; Charles L. Zigler, South Bend, treasurer; Richard J. Drake, Michigan City, chaplain; J. L. Bogner, Washington, guide; J. Musser, Anderson, warden; C. C. Pack, Evansville, sentry; Charles E. Haugh, Indianapolis; James W. Comper, South Bend, and T. W. McMeans, Richmond, trustees. E. Bierhaus, jr., Knightstown, and Frank D. Butler, Peru, representatives to the grand council meeting; Noah Lehman, South Bend, and John Russe, Lawrenceburg, alternates. The next biennial meeting will be in Indianapolis on the second Tuesday in April, 1912, and the next meeting of the supreme council will be held Wednesday, May 18, 1910, in Montreal. Howard council meets tomorrow evening and Mr. Haas will make his report of the grand council. Following the lodge meeting will be a social and smoker for members only.

BIDS FOR LAVATORY TOO HIGH FOR FUNDS

Not Likely They Can be Built for the Sum Appropriated.

Bids for the work to be done in connection with the construction of outside lavatories at the courthouse, which were opened today ran so much in excess of the appropriation that the county commissioners can not see their way to go ahead with the project unless the county council will add more funds.

Nine bids were received today and only one of them was on the whole contract, and that was one submitted by A. W. Kintz & Son, who want $15,850 for the entire work, while the appropriation is only $10,000.

John W. Schwegmen bid about $8,000 for the plumbing, wiring and inside work exclusive of the excavations. Dan W. Beers bid $8,984 for the work exclusive of the plumbing and wiring. Barney Borkenstein bid $8,400 for the work without plumbing or wiring. Albert Roth's bid for the inside work is over $10,000. George Jaap asked $8,267 for the excavating and other work, excepting plumbing and wiring. Joseph P. Martin & Co., asked over $10,000 for inside work. William Nastenstein asked $8,000 without the plumbing and wiring, and A. Hattersley & Sons asked over $10,000 for the work inside the excavation.

All of the bids were taken under advisement and the board will see if there is any way to do the work with the sum set aside by the council.

GERM OF A RACE WAR AT PRESENT

[Continued from Page One.]

there is liable to be an outbreak at any time. Since the mines closed down, hundreds of families in Westville have suffered hunger, and the statement was made today that there are numerous families in the town which have not had food in days. A local newspaper man made an appeal for funds to assist in feeding the hungry.

But Few Are in Want.

Marion Brown, of the miners' organization, issued a statement this afternoon in which he said that only three families had asked for assistance. He says the organization is prepared to help all who ask for it, and that there is $700,000 between the miners and starvation, and that it can be had in an emergency, although the money is not available for benefits because there is no strike.

The men who were asked to quit work are those who went back after the wage disagreement to do repair work. They are receiving from $2.50 to $3 per day, and the foreigners claim Americans were given the work while they were forced to remain idle.

INDIANA MINES REOPEN.

Terre Haute, Ind., May 5.—All mines of district No. 11, except those south of the Baltimore and Ohio tracks, opened this morning. The joint scale committee of miners and operators went into session this afternoon and the question of scale in the southern end of the district will be the first taken up. The scale for machine mining will be readjusted and the docking clause modified.

SPITS ON FLOOR; IS FINED.

Anti-Spitting Mayor of Memphis Caught By His Own Crusade.

Memphis, Tenn., May 5.—Mayor Edward H. Crump was arrested today charged with expectorating on the tiled floor of the new two million dollar court house. Mayor Crump who was inaugurated in January last recently started an anti-spitting crusade and ordered police officers to arrest any one expectorating on the streets and on the floors of street cars and public buildings.

The mayor today was fined $5, which he promptly paid.

MEMBERS OF BOARD ARE HELD FOR HEARING

Had Not Returned from Indianapolis This Afternoon.

Members of the board of public works had not returned this afternoon from the hearing of the paving cases at Indianapolis nor had they advised Clerk Henry Becker whether or not they would be in the city tonight in time for the regular meeting.

Civil Engineer Frank Randall, Marlotte Price, his assistant, and W. D. Henderson, of the board of public safety, returned last night and they thought when they left the evidence would all be completed by this evening and the cases would be ready for argument. W. J. Hosey, former mayor, was not called to the stand for the company and the witnesses the construction concern used were Howell Rockhill, Charles McCulloch and Herman Michel, who were summoned in its behalf.

If the board members return tonight they will have for consideration the assessment roll for vacating an alley in Barthold's addition and resolutions for paving alleys between Wayne and Washington from Webster to Ewing and between Washington and Jefferson from Ewing to Broadway which will be up for confirmation.

Resolutions for sidewalks on both sides of Fairfield avenue from Jefferson to Brackenridge, on the north side of Pontiac from Barr to Lafayette, north side of Belle avenue from Fox avenue to the first alley west and Paving John street from Wallace to Creighton avenue are up for adoption.

MARRIAGE LICENSES.

Caleb E. Roe, 27, laborer, and Bertha P. Bainbridge, 22.

George Gaskill, 20, farmer, and Flossie Purkeypile, 16.

Alonzo J. Heckler, 22, farmer, and Clara Sweeney, 20.

AT THE FAIRY.

This is the big day at the Fairy; a special program has been arranged. The Ohio Melody quartet will sing at every show tonight. The Lost Trail, the title to our film will be one of the best you have seen for some time; a powerful story of the great northwest, thrilling in action and plot, marvelous in scenic investure. A Western Hero is the other film, which will be appreciated by all. Lewis and Wilson are scoring high, and their singing is good

THE DEATHS.

RHOADES.

Alice Anne Rhoades, baby daughter of Wesley D. Rhoades, died at 4:30 o'clock Thursday morning at the home of the grandparents, Mr. and Mrs. D. W. Rhoades, 1430 East Creighton avenue, at the age of eleven weeks. The mother of the little one died a few days after its birth.

Funeral services Friday afternoon at 2:30 o'clock from the residence; interment at Lindenwood.

FUNERAL NOTICES.

Cartwright.—Funeral services for Mrs. Mary Cartwright will be held Saturday afternoon at 2 o'clock from the residence of E. T. Jackson, 802 West DeWald street, Rev. C. C. Travis officiating.

REACTIONARIES CLAIM CONTROL

[Continued From Page One.]

titude of the regular republicans in the senate casting aside all further attempts to win back to the party measure the support of the more radical "insurgents," there can be no doubt.

Ready to Use the Club.

The president himself may adopt the policy announced at the senate conference presided over by Senator Aldrich yesterday. In fact he is said to feel that he has been patient quite long enough in listening to promises of insurgent support in the senate only to find "the insurgent knife out" for much of the legislation he has proposed as a compliance with party platform pledges. Mr. Taft is contemplating making a speech at Passaic, N. J., next Monday evening—if he finds the situation in Washington what he thinks it to be—that will disclose to the country a number of facts and incidents that the chief executive has heretofore kept to himself.

Hopes for Peace, But is Ready

The president has repeatedly expressed himself as being willing to stand criticism for apparent inaction and lack of vigorous methods in dealing with congress so long as he felt this policy would accomplish some good in the end, so if he finds as a result of his conferences in Washington that there is still a fair prospect of securing some progressive legislation in the railroad bill, he may not adopt the weapon of publicity so effectively used by Mr. Roosevelt.

There was more than a smile behind the president's reference to "democrats, republicans and insurgents."

The president is making straight from St. Louis to Washington, not being scheduled for any stops en route.

Miss Edna Heit, of West Creighton avenue, left today for a visit in Niles, Mich.

Mr. and Mrs. E. H. Evans, of Toledo, Ohio, are to spend a few days in the city this week.

Mr. and Mrs. B. D. Cady, of Port Huron, Mich., are visiting Mr. and Mrs. Glenn Furguson.

Miss Grace Coulter, of Chicago, is visiting Mr. and Mrs. E. Ralph Yarbrille.

The W. D. K. club will be entertained this evening by Mr. and Mrs. M. Mills, of Fulton street.

Mrs. Cyrus Arnold has gone to Indianapolis to spend the rest of the week with Mr. Arnold, who is there on business.

Miss Irene Miller, of 311 West Creighton avenue, has gone to St Mary's-of-the-Woods for a week's visit.

Mr. and Mrs. P. C. Carroll have gone to Detroit, Mich., to live. Mrs. Carroll was formerly Miss Anna Moran.

Mr. and Mrs. John W. Eggeman have gone to Cincinnati to attend the musical festival now in progress in that city.

Mrs. George Loesch gave a family luncheon yesterday in honor of visiting relatives from New York, Cleveland and Plymouth, Ind.

Miss Cora Miller, of 1331 Wall street, left yesterday for Terre Haute to enter the novitiate of the Sisters of Providence.

Mr. and Mrs. Henry Voight, of Smith street, accompanied by Mr. and Mrs David Shaw and children, have returned from a trip to South Whitley in their new touring car.

The Book Reviewers' club will meet tomorrow with Mrs. W. A. Evans for their annual luncheon. The guests will be seated at 1 o'clock and Mrs. Evans will have as assisting hostesses Mrs. John Thieme and Mrs. Harry L. Askew.

Mrs. William F. Mennewisch, of 1329 Wall street, was given a surprise party last evening in honor of her birthday anniversary. Mr. Mennewisch made all arrangements and invited the company. There were about fifty friends present, who enjoyed a good time.

Mr. and Mrs. Allen Shepler, of 1726 Maumee avenue, entertained about twenty-five friends on Tuesday evening at card games and dancing. Ferns and carnations made a pretty decoration for the supper table. Among the guests who enjoyed this pleasant affair were Mrs. Charles Black, of Chicago; Mrs. John Bowling, of Warsaw, and Mr. and Mrs. J. Brown, of Logansport.

Mrs. W. H. Grout gave a dinner party at 6 o'clock Tuesday evening in honor of her daughter Lillian's birthday anniversary. Several young friends of Miss Lillian were present in addition to the older members of the family to enjoy the good time. The guests were Mr. and Mrs. George Siebold, Mr. and Mrs. C. G. Grout and son, Miss Mabel Ogden, Miss Frances Frisby, Miss Della Smith and H. E. Franke, Howard Dindore and W. R. Houk.

Miss Cecelia Ott, of 107 Romy avenue, was given a happy surprise on Monday evening by a company of young ladies who enjoyed the time equally with their hostess. Miss Matilda Storm planned the affair and various games and a fine luncheon were special features of the good time. Those who took part were Misses Pearl Miller, Edna Jacquay, Catherine Kratzman, Martha Gosda, Mary Kratzman, Matilda Storm, Fay Stevenson, Elizabeth Kern, Ethel Brown, Margaret Bauss, Clara Ehrmann, Augusta Sutterlein, Salome Mack, Bertha Didier, Frieda Whitehurst, Clara Houser, Katherine Freck.

Dr. and Mrs. C. B. Stemen have gone to Kansas City, Mo., to visit their son, Dr. Charles M. Stemen, and family for two weeks. Next Sunday Mrs C. B. Stemen will celebrate the seventieth anniversary of her birth and there will be held a reunion of all the children, with one exception, at the home of the Kansas City son. Two other sons in the west, Drs. George C. and William E. Stemen, both of Denver, Col., and a daughter and her husband, Dr. and Mrs. P. Hughes, will be present. Dr. and Mrs. Hughes will celebrate their silver wedding anniversary on next Tuesday, so the gathering will have a double significance Dr. Harriet Stemen Macbeth, of this city, is the only one of the family who will not be present. During his stay in Kansas City Dr. C. B. Stemen will formally retire as an instructor in the medical department of the Kansas State university, as he and his wife have now returned to Fort Wayne to live.

Hartman—Schneider.

A pretty wedding that took place in the country on Sunday at Bethlehem Lutheran church, on the Leesburg road, was that of Miss Anna Schneider, daughter of Mr. and Mrs. John Schneider, and Mr. Gottlieb E. J. Hartman, of this city. Rev. Wurtman performed the ceremony. Miss Catherine Schneider and Miss Louise Hartman were bridesmaids and Mr. Carl Hartman, a brother of the bridegroom, was a groomsman. The bride looked very pretty and sweet in a white silk gown, trimmed with lace. She wore a veil and carried a bouquet of bride roses. Both bridesmaids wore white lawn dresses and carried bouquets of carnations. After the church service the wedding party went to the home of the bride's parents, where a fine supper was served the company. Mr. Hartman is a car builder for the Pennsylvania and with his bride have gone to housekeeping in their own home in Oliver street. The bride is a capable young woman who has many friends in this city.

Dances at the Minuet.

There will be a "convention" dance this evening under the management of George F. Trier, at Minuet hall. The regular dance of the pupils is tonight, but in honor of many visitors in the city an invitation is extended to lovers of dancing to attend the social dance tonight. Next Wednesday the Minuet Dancing club will hold its closing affair for this season and as it will be guest night a large attendance is assured. After next week the club will meet at Robison park. Last evening the Jolly Dancing club held a pleasant affair and after a dance program had a fine banquet. Mr. and Mrs. Streyer, of Huntington, and Mr. and Mrs. Trier were honor guests. A saxaphone orchestra from Huntington furnished the music.

A PLAY FESTIVAL.

An Hour's Public Kindergarten Play Time at Princess Rink, May 28.

Attention, fathers and mothers all! Here's a matter that will interest you and particularly so if you have any small boys and girls in the lower primary grades of the public schools. On Saturday afternoon of May 28, from 3 to 4 o'clock, in Princess rink, there will be held a play festival to which all parents and guardians of children in the city are invited. There will be a program of play time such as children of the kindergarten departments of the public schools take during their first year in school and three hundred children under the management of Miss Calmerton, supervisor of primary work, and the teachers of the various kindergarten departments, will give the exhibition. There will be six classes of fifty children each who will, during the hour, take part in the exercises. No admission will be charged but children, except those taking part, unless accompanied by their parents or some older person responsible for keeping them quiet, will not be admitted as the object is to interest the parents in the work.

Sunday Is Mothers' Day.

Custom has made the second Sunday in May known as Mothers' day and the observance is a tribute to the memory of all motherhood. Every man and woman, every boy and girl, who, on May 8, wears a single flower, will do so as a tribute of love for the mother who is living or in respect of and devotion to the memory of one who has gone on before. If the flower is a symbol of regard for the living, then the flower may be of color, but particularly if in memory of the departed the flower should be white. The first suggestion of the custom, made by a Philadelphia woman, was to have every one wear a white flower on Mothers' day, but since the idea has taken so firm a hold of people all over the country, the idea of wearing colors for the living and white for the dead has been suggested. It matters little about the color. The main thought is to wear a flower next Sunday as a beautiful tribute to the greatest of human blessings, Motherhood.

ONE PIECE UTILITY SACQUE.

BY MRS. JANE FORD.

Present day matinees are luxurious in spite of their simplicity, for the Russian blouse has so influenced styles in house jackets.

The pattern for the elaborate one shown is in seven sizes, which run from thirty-two to forty-four inches bust measure. To copy it for the average woman two and one-half yards of goods twenty-seven inches wide or one and seven-eighths yards thirty-six inches wide will be needed.

Such a garment made from open work embroidery, known as eyelet, would be effective. So would a matinee of embroidered batiste, in a deep ecru shade, laid over pink China silk. The shaped collar and tie on the waist could be of the silk, hand embroidered in ecru. Two large jewelled buttons could be used to close the sacque.

Another charming matinee could be of strips of satin ribbon and thread and net lace. Each strip must be three inches broad. The collar could be of satin in a matching shade and the edges of the sacque should be finished with bands of the satin, either edge of which could be elaborated with feather stitching. A much cheaper jacket, and one that would be more practical for the average woman, could be developed from fine dimity, lawn or organdy and trimmed with inserts and edging of Val lace.

When something warm is wanted, challis, albatross or cashmere, in some dainty and becoming shade, could be selected. It would be pretty to finish the edge of such materials with bias bands of satin or buttonhole scallop stitch.

IN THE THEATERS

"THE GAY HUSSARS" FRIDAY.

One of the most notable musical events of the present season will be the engagement of "The Gay Hussars," which Henry W. Savage will offer at the Majestic theater Friday evening. "The Gay Hussars" is the present operatic sensation of Europe, where under the title of "Ein Herbstmanoever," it is the most popular musical piece since "The Merry Widow," whose success it has duplicated in Berlin, Vienna and Buda-Pesth. The libretta was written by Carl von Bakonyi, the foremost living playwright of Hungary, and Robert Bodansky, whose name has been associated with many Viennese successes. The music is by Emmerich Kalman and the American adaptation was made by George V. Hobart, while the production was staged by George Marion.

"The Gay Hussars" is the biggest musical production that Mr. Savage has ever made and to local theatergoers who are familiar with the accomplishments of this manager, it goes without saying that it must be an exceptionally pretentious operetta. The big company numbers 100 people, which includes a special orchestra.

THE LYRIC THEATER.

Judging from the title, one would think that the sketch of "The Slave," as presented by Bernice Howard and company of four, was a serious dramatic offering, but such is not the case. It is comedy with plenty of good laughs and an interesting plot, that holds the attention of the audience at all times. The other acts on the bill at the Lyric this week are Wells brothers, a most satisfactory singing and musical number: Tony and Flo Vernon, in an eccentric singing and novelty act, and Billy Brown, a good yodler and impersonator. New pictures and songs are slated for today. Andrew Johnson and his Mud Town Minstrels, and four other amateur numbers are the features for Friday night.

THE TEMPLE THEATER.

If you like vaudeville the bill at the Temple this week will please you. It is safe to say no better bill of vaudeville has been seen here this season than the one offered this week. One of the most pleasing acts of the week is the Tempest-Sunshine Trio, composed of three young women, evidently not yet out of their teens. They are simply charming, both in their personal appearance and in their singing and dancing, and soon win their way into the hearts of their audiences. One of the trio impersonates a man and the other two are just their charming selves. They have been a tremendous hit at every performance.

VALUATIONS SHOW BIG GAIN.

Increase of $19,784,911 for Taxation Over Year Ago.

Indianapolis, May 5.—The property valuation on which taxes now are being paid in this state amounts to $1,743,096,475, exclusive of mortgage exemptions, according to figures compiled in the office of the auditor of state from tax duplicates furnished by the county auditors. This is an increase in valuation of $19,784,911 as compared with that on which taxes were paid a year ago. The increase is found entirely in personal property, as the real estate assessment is made only once each four years. Of the increase $3,000,000 was due to the action of the state board of tax commissioners in raising corporation assessments last year. The increase in valuation means that the county treasurers will pay into the state treasurer's office $65,982.68 more than last year.

THE BIG SHOE SALE

STILL CONTINUES TO ATTRACT ATTENTION.

Thing & Co. certainly seems to be having a rousing shoe sale and it still continues to attract attention, judging from the always busy appearance of their store.

The bargains in good footwear must be genuine, else why should they be so well patronized? They have just received 24 big cases of a new bargain lot and are busy today rearranging their tables with these new goods. Lest you forget where this store is, look for the Big Red Boot just on Calhoun street, on East Berry.

MODISH TRAVELING TURBAN.

PHOTO BY JOEL FEDER.

Although the perennially popular turban appears in various attractive shapes this spring, none of them is so perfectly adapted for traveling, as this chic little model fresh from the atelier of a well known Parisian milliner who has a host of American customers.

Its crin crown is almost concealed by the high velvet-faced brim which turns up sharply all the way round, and a large drooping ostrich plume is the only trimming on this charming creation.

The neatly tailored coat of dark gray mohair is relieved by a collar of dull red satin.

RECIPES.

Jellied Tongue.

The previous day boil a salted tongue till tender. Throw into cold water for a few minutes, then peel. Skim off all grease. Save one pint of water the tongue was cooked in. Dissolve four tablespoonfuls of powdered gelatine in two cupfuls of warm water. Cook a piece of veal and keep a cupful of the stock. Brown over the fire two tablespoonfuls of sugar, add the veal gravy, three tablespoonfuls of vinegar, the pint of tongue water, and the gelatine and water. Strain and cool for a few minutes, then pour a little into a wet jelly mold. Set on ice, and while cooling slice the tongue thin and put in a layer on top of the jelly, pour in more jelly, and add alternate layers of tongue and jelly until the mold is full. Set away in a cool place.

Fried Carrots.

Pare and boil two good sized carrots; drain thoroughly. Cut into rather thin slices, dip in egg and bread crumbs and fry in smoking hot fat.

WHITE SLAVE TRAFFIC.

Revelations of the "white slave" traffic in New York establish that the great crusade now under way in this country was not begun at all too soon and that it cannot be prosecuted with too much vigor. The disclosures made by one man extensively engaged in the traffic are shocking almost beyond belief. That in the supposedly most civilized nation on earth there can exist an organized and well-intrenched traffic in young girls for immoral purposes strains credulity, but that it does exist is proved and demonstrated. According to the revelations made girls of tender years are procured and launched upon careers of the most revolting and ruinous vice there can be. It is shown that in one instance the victims were so young as to have wept at being ravished of their dollies. Yet these tender children were procured for lives of shame and turned over to a mistress of vice and set upon a course of utter moral abandonment. "Stockades" were maintained for the detention under duress of girls destined for sale into shameful lives and "orders" for delivery were received and filed and filled as in the regular course of a legitimate commercial pursuit. Possibility of such immoral enterprise is a disgrace to the land. Practice of it transcends all terms of shame. No greater reproach could the country have than that this villainous business has been allowed to take root, to grow and flourish to such strength as to make dealing with it by law the object of a great moral expedition throughout the land. The traffic is not confined to New York. It lurks in every considerable city and it may be doubted if any center of population can hold itself to have been immune from the unspeakable infamy.

THE MAINE TO BE RAISED.

Congress, after the lapse of a dozen years, has made provision for raising the wreck of the battleship Maine from the bottom of Havana harbor and the recovery and decent burial of the dead who remain in her decaying hulk. Neglect of this duty has been a reproach to the nation. Why the duty has been neglected no one can say. Repeated efforts have been made to procure the necessary appropriation and authority from congress to do this thing, but until now nothing has come of them. For twelve years the ill-fated warship has lain in the ooze and slime of the Havana harbor, the filthy sepulchre of some scores of her brave and martyred crew.

The nation has been long reproached with the charge that the wreck of the Maine was permitted to thus lie neglected because the government feared the raising of the hulk would furnish irrefragable proof that the explosion which sent her to sea bottom came from within and not from without as the naval court of inquiry asserted in its findings, and that the United States would thus be convicted of having gone to war with Spain upon a causeless issue. This view is tommyrot, of course. The destruction of the Maine perhaps may have hastened eventualities, but it did not provoke the war. Spain's atrocious rule over Cuba was no longer bearable in this country and without intervention of the disaster to the Maine the decree for extinction of her sovereignty over that unhappy island sooner or later would have been written.

Whatever the raising of the hulk may prove, raising it is the thing to do. It is a duty the government owes to patriotism and decency.

The Chicago Record-Herald solemnly reminds Mr. Taft that his place is in Washington, not "gallivanting around the country" while affairs in congress are in a critical stage. Perhaps the president is trying to prove by the most conspicuous means possible that he is not bossing congress. However, as there are other and more impressive testimonies to this, he could junket a deal less or even a deal more without specially proving anything upon that head.

The reactionaries in the senate have been forced to the last ditch and the solemn conclusion that there is neither glory nor other results to be had from parleying with the insurgents and henceforth it is to be a square fight for the Taft measures. And Senator Beveridge and the Indiana republicans stand fast by their pledge to aid him in all efforts to secure "real progressive legislation."

Senator Aldrich has heroically placed himself in the breach and there to triumph or to fall he will stand. The spectacle of Aldrich in the breach saving the country will be a fine companion canvas for Washington midway between the two armies at Princeton. Moll Pitcher at Monmouth, Perry at Lake Erie or Farragut lashed to the shrouds at Mobile.

"Taft hurries back to seat of battle," proclaims a newspaper headline. Well, what of that? He isn't hurrying back any faster than he hurried away and he does the one as often as the other, and both often enough.

The Norwegians politely lifted their hats to Colonel Roosevelt, but did not cheer, toss their headgear or tear their clothes. Not a bad custom to import with an untimate view to adoption this side.

We fear the worst. Michigan is preserving a wholly unwonted silence on the state of her peach crop. It is ominous.

TAFT SNAPS BRYAN FOR CRITICISING GOV. HUGHES

Devotes Large Part of His St. Louis Speech to Federal Judiciary.

St. Louis, Mo., May 5.—President Taft's five days' trip to the middle west ended here yesterday and he left late last night for Washington, where he is scheduled to arrive early Friday morning.

It remained for St. Louis to give Mr. Taft the heartiest demonstration of his present journey. The city was gayly decorated and there were cheering throngs wherever the president went. Several times his automobile was stopped to receive bouquets of flowers. These Mr. Taft later sent to St. Luke's hospital and the Home for Incurables.

The apparent warmth of the reception here seemed to affect the president and when at the luncheon of the Business Men's league late in the afternoon President Walker Hill praised him amid deafening applause for his appointments of Messrs. Lurton and Hughes to the supreme court bench, Mr. Taft launched into a vigorous speech, in which he paid his respects to Mr. Bryan for his reported criticism of Governor Hughes and decried the "cant of the demagogue" and the "disposition of public journals" to make unjust charges against men in public life.

"All I am appealing for is justice and a square deal," said the president, "not especially for myself, for indeed I am in a position where I can get along better than some of the rest without it. But I am appealing for justice in dealing with all classes."

Holds Duty Sacred.

The president declared he held the appointment of men to the supreme court bench to be the most sacred of his duties. His speech aroused the business men to a high pitch of enthusiasm. Mr. Taft had intended to say only a word or two, but the cheers of his hearers seemed to inspire him to go on.

"The constitution of the United States," said the president, "was made by the people, and so it was that in the division of power they created a legislative branch, an executive branch and a judicial branch, and in that constitution they gave the supreme court and the subordinate tribunals to be established by congress certain powers which, interpreted by Marshall and those who followed him, make that court unique in the tribunals of the world. That court was constituted to preserve the rights of the people and the rights of individuals against the people themselves whenever in the heat of emotion or temporary aberration they enacted measures that deprived the individual of his just rights under the constitution.

"Hence it is that to me, a lawyer, the supreme court of the United States is the most sacred thing that we have in this government, and that the appointment of men to that bench is the highest and most sacred function that the executive has to perform. I am not exalting the judiciary above the legislative or the executive branches, or saying that the judicial has any more power than the executive when the executive is within his functions, or when the legislative is within its functions, for the supreme court has laid down plainly the limitations.

Forgives Critics.

"In the construction of certain statutes, the executive is uncontrolled by the supreme court or the legislature. Within its functions, as defined by the constitution, the legislature has entire discretion, but when it comes to say whether either of the branches has passed beyond its limitations, it is the supreme court that ultimately must be the deciding tribunal.

"Now I do not like to be invidious in my remarks, or to quote what may have been a misquotation, but I did hear or see a criticism of one appointment on the ground, as I understood it, that the appointee was not an implacable foe of wealth and corporations. I think perhaps that criticism has been misunderstood and that the utterer of it did not intend to give it the meaning that thus stated it seems to have.

"I believe that all democrats and republicans, republicans and insurgents, who are patriotic citizens—and we all are that—are in favor of having upon that bench men who are foes of nothing but what is wrong and are in favor of equal justice to every one, whether that be an organization of men doing business under the law and using the instrumentality of a corporation to promote the industries of the country, or be the humblest citizen struggling with his hand to earn a livelihood for his family.

Must Be Above Prejudice.

"I do not mean to say that men by their habits of life may not acquire a bent or a prejudice in one direction or another, and that it isn't wise to select for the highest tribunal men who have not such a bent and who have not in their makeup the danger of prejudice to one interest or against another.

"But I do mean to say that there is in the public, and what I may call the cant of the demagogues, a disposition to charge that kind of a bent in favor of corporate wealth and corporate greed and corporate monopoly when there is no justice for the charge at all.

"This assumption of peculiar honesty manifested by class declaration and the stirring up of class spirit is something that ought to be deprecated in our republic, or else it will lead to great danger. We ought to take up the discussion of public questions and discuss their effect with judicial calmness, and not have our minds diverted by charges of prejudice and corrupt motives—I say charges utterly unsupported by evidence or calm consideration.

"And so, my friends, I have taken up more than my allotted two minutes. (Cries of "go on"). Now, all I am appealing for is justice and a square deal—not especially for myself, for indeed, I am in a position where I can get along better than some of the rest without it, but I am appealing for justice in dealing with all classes.

"We have got to arrange it so that cases are decided promptly. I am bound to say that the United States courts are not models in this regard but all courts may be reformed in this regard. What is driving you merchants out of courts into arbitration? It is the cost of litigation. Now, we ought to have courts that can dispose of the business promptly and end litigation, and I speak as a lawyer and I speak as a judge, and therefore I speak with confidence, because I know what I am talking about. I feel much more at home on this subject than I do in discussing agricultural subjects with farmers."

Last night, as the last function of his busy day in St. Louis, the president was the guest of honor at a sumptuous banquet of the Traffic club, presided over by George W. Simmons.

Wherever he went the president was accompanied by Governor Hadley, by former Governor David R. Francis and by Chairman Nathan Frank, of the local reception committee.

Facts for Weak Women

Nine-tenths of all the sickness of women is due to some derangement or disease of the organs distinctly feminine. Such sickness can be cured—is cured every day by

Dr. Pierce's Favorite Prescription

It Makes Weak Women Strong, Sick Women Well.

It acts directly on the organs affected and is at the same time a general restorative tonic for the whole system. It cures female complaint right in the privacy of home. It makes unnecessary the disagreeable questioning, examinations and local treatment so universally insisted upon by doctors, and so abhorrent to every modest woman.

We shall not particularize here as to the symptoms of those peculiar affections incident to women, but those wanting full information as to their symptoms and means of positive cure are referred to the People's Common Sense Medical Adviser—1008 pages, newly revised and up-to-date Edition, sent *free* on receipt of 21 one-cent stamps to cover cost of mailing *only;* or, in cloth binding for 31 stamps.

BLOOD POISON, SKIN DISEASES, OBSTRUCTIONS, VARICOCELE, HYDROCELE, NERVOUS DECLINE, PILES, FISTULA, RUPTURE AND DISEASES OF THE KIDNEYS, BLADDER AND PROSTATE.

WHY SO MANY FAIL TO GET CURED.

Nine specialists out of ten use unscientific methods and resort to guess work in treating their patients, which results in the many there are who are not only disappointed, but lose their money. Have you made a great mistake in not getting skilled treatment, being attracted by "liberal" offers of payment, "bargain cures" and "low prices" of unscientific specialists, instead of seeking a cure by scientific methods, only by which you will ever be cured?

My Pelvic Methods are Scientific; therefore they produce quick, everlasting cures.

IMPORTANT—I will cure you for less money than you can be treated for by any other specialist in Fort Wayne. You will have to come to me sooner or later in order to be properly cured; why not before you have lost your money in doctoring with cheap or dishonest specialists?

CONSULTATION FREE AND INVITED—A personal, thorough and searching examination is desired, though, if inconvenient to call, write me a full description of your trouble.

Blood Poison, Ulcers, Sores, Swollen Glands

Cured to stay cured. My treatment is scientific and rational and will eliminate every vestige of poison from your system. If you have sores, pimples, deep ulcerations, falling hair, sores in the mouth and throat, call at once. I will guarantee a permanent cure and back it up with a no-cure-no-pay contract.

VARICOCELE, HYDROCELE AND ALL CHRONIC, NERVOUS AND BLADDER DISEASES cured to stay cured in the shortest possible time.

STRICTURE

For the cure of Stricture I have a system that gives all the benefits of surgery without the pain that surgery involves: a painless system of curing Stricture which acts directly upon the affected parts, dissolves the abnormal tissues, stops all irritation and allays all inflammation.

VARICOCELE

Varicocele may be caused by blows, kicks, falls, heavy lifting, mumps, early indiscretion, or may be a symptom only of some special weakness.

The proper treatment consists of local applications for the purpose of dispelling the stagnant blood and contracting the swollen veins, as well as internal medication to strengthen the nerves which govern the blood supply to these veins.

Though causing you no trouble at the present time, your Varicocele will, if permitted to go without proper treatment, impair and destroy the elements of vitality.

THE NEWS OF FORT WAYNE'S NEIGHBORS

DEATH OF FARMER FROM KICK OF COLT

Accident Happened While Vicious Animal Was Being Led to the Watering Trough.

Warsaw, Ind., May 5.—Henry Sparks, a wealthy farmer, who resided southwest of Claypool, was yesterday kicked to death by a colt he was leading to a watering trough. Sparks knew the animal was vicious, but appeared not to fear it. Three times within the last eight weeks the same animal kicked him, and once before he had a narrow escape from serious, if not fatal injuries. Yesterday the colt jerked away from him and as it did so kicked him. The force of the blow knocked Mr. Sparks down and his injuries were such that he died a short time afterward.

WIFE IS LOYAL TO CONVICT HUSBAND

Her Efforts Secured His Pardon and Work for Him on His Return Home.

Huntington, Ind., May 5.—A suit of citizens' clothes and the parole papers, all properly filled out, have been forwarded to Warden Reid, of the Michiban City prison, and as soon as they arrive, Herbert Fulton will be given his liberty after less than a year's incarceration for a petty theft. His wife has remained loyal to him, and it was largely by her efforts, together with his own good behavior, that the parole was secured in such short time.

L. H. Jackman, the prisoner's attorney, spent some time about the city seeking employment for the man when he should return home, it being recognized that this would be one of the most necessary steps in complying with the terms of the parole. After finding that a number of industries were turning away men, he found the work he sought in an unexpected quarter, Superintendent Lew Trixler offering Fulton employment at the city waterworks pumping station.

ONLY FOUR INDICTMENTS.

The Grand Jury at Van Wert Completes Its Work.

Van Wert, O., May 5.—The grand jury has finished their work after having been in session for less than two days. There were thirty-four witnesses examined and eight cases investigated. Of the eight cases, investigated there were four indictments found, and the other four were ignored.

Two of the indictments were found against William Cattell, who is charged with larceny, it being claimed that the accused took candy, chewing-gum and tobacco, the property of J. C. Frank, of Glenmore. The third indictment was found against William Mort, who is also charged with having stolen a suit of clothes and a razor from the Reeb restaurant.

GOT JOB AT WASHINGTON.

Peru, Ind., May 5.—Earl Rush has received official notice from the census examiners at Fort Wayne that he has successfully passed examination for a position in the department at Washington, D. C., and received an appointment. He will leave shortly for Washington to report for duty.

ACQUITTED OF FORGERY.

Columbia City, Ind., May 5.—Walter Mosher, charged with forgery, was acquitted by the jury after a trial which was warmly contested. The principal witness against him was Leo Davis, a convict in the Jeffersonville prison.

THE SALARY LAW VETOED BY MAYOR

Under the Acts of 1905 Council Had No Legal Right to Increase Salaries.

Kendallville, Ind., May 5.—Mayor Forest E. Field has vetoed the ordinance fixing the salaries of the city officials, it having been passed at the last meeting of the city council. It was discovered that the council had no legal right under the acts of 1905 to increase the salaries of officials while they are in office and hence the veto.

Inasmuch as the work of the clerk, however, is of such proportions that the council saw the need of increasing the salary or employing an assistant, they allowed the veto to stand and it was decided to employ an assistant at $125 a year, while the salary of the clerk remains at $425.

After passage of the ordinance as corrected Clerk Myers announced his assistant would be Mrs. Myers.

HUNTINGTON EDUCATOR

Will Present Diplomas to Allen County Graduates.

Huntington, Ind., May 5.—I. B. Potts, superintendent of schools of Huntington county, has been asked by H. G. Felger, superintendent of schools of Allen county, to present the diplomas at the eighth grade commencement exercises of Allen county Saturday, June 11 Rev. L. E. Brown, of Lebanon, will give the address. Mr. Potts has accepted the invitation and will present diplomas to the graduates. Mr. Potts and Mr. Felger were traveling companions on a trip to the Pacific coast a couple of years ago and have several times called on each other for help in county school affairs.

MARRIAGE BELLS RING.

At Columbia City occurred the wedding of Miss Margaret Graves to Mr. John C. Moyer.

Lagrange, Ind., May 5.—In the presence of a few friends yesterday occurred the marriage of Mrs. Amanda Steele and Dr. H. M. Bastian. In the evening a reception was given at the Bastian home, which was attended by a large number of the friends of both parties.

Warsaw, Ind., May 5.—At the home of the bride's parents, Mr. and Mrs. T. R. North, yesterday afternoon, occurred the marriage of their daughter, Miss Ava North, to Mr. B. F. Simcoke, of Fairview, Ia. The groom is engaged in the hardware business at Fairview.

CANNOT BE PROSECUTED.

Traction Employes Responsible for Fatal Wreck Not Indicted.

Van Wert, May 5.—The grand jury in its report ignored the head-on collision at Convoy, on the Ohio Traction line, Easter morning, in which Motorman McPherson and Messenger Rothrock lost their lives and several were injured. It has been found that Ohio laws cover similar accidents on steam roads, but not on traction lines, hence no criminal proceedings can be had.

SUES DRUMMER FOR DIVORCE.

Huntington, Ind., May 5.—Mrs. Clara Woods, of Mt. Etna, has filed suit for divorce from Fred H. Woods, a traveling man for a Chicago firm. The couple were married October 17, 1895, and separated October 9, 1904. She is the mother of four children aged fifteen years, twelve years, seven years and one year respectively. She asks divorce, $1,000 alimony and $10 a month for the support of her children.

PAID AND DISMISSED FROM THE SERVICE

Were Engaged by Wabash in Track Elevation—Shop News.

Thirty-nine Greek laborers were paid off this morning and dismissed from the employ of the Wabash company because they refused to work until they were assured that they would not be "docked" for time lost Monday, on account of the rain which fell the greater portion of that day. They demanded their wages, and Cashier C. P. Porter, acting in the capacity of paymaster, handed out the sum due to each man this morning and they quietly departed. The railway company had a lot of Italians, about fifty in number, assembled at St. Louis for the purpose of coming here to work on track elevation and when the trouble with the Greeks occurred, the Italians were sent last night and have taken the place of the strikers. These men are engaged by John E. Danes, the foreman in charge of the work of putting in the side tracks, building the temporary buildings and otherwise getting things in shape for the transfer of the local passenger and freight headquarters. There is plenty of work in Fort Wayne for foreign laborers at present and it is likely the Greeks will remain here and take employment with some other company.

WILL BE BIG MEETING.

Judge Edward O'Rourke will face a big crowd of skilled workmen and laborers when he arises to deliver an address at the open meeting at Carpenters' hall this evening. An invitation has been extended by the carpenters to the delegates to the Steel Workers' convention and most of them will be expected at the meeting and there will be representatives of every other craft there. Judge O'Rourke has addressed labor meetings before in the city and is familiar with the situation and capable of delivering a most instructive and interesting lecture. He is quite popular with this class of the community, as well as with all other classes.

HAD STAG PARTY.

Pennsylvania Men Honor An Old Friend.

There was a stag party and banquet last evening in honor of William Schultz, foreman of the Pennsylvania boiler shop at Allegheny, who had been attending the two days' conference of men of that department at the committee rooms at the shops. The other participants were young men employed in various capacities at the shops and among them were A. S. Courtney, John R. Conich, Floyd DeHaven, Walter Hamilton and Charles Fisher. All had been associated with Mr. Schultz in shop work at one time.

SHOP WORK BETTER.

Western Gas Puts Every Department on Full Time.

Recent orders for shop products has created a necessity for full time and a larger force at the factory of the Western Gas Construction company and this morning Supt. W. G. Kaiser said the plant was running to the full capacity of its force and a part of the works—the boiler shop—was being operated over time. Coremakers and moulders are scarce, Supt. Kaiser says, and he is looking about for ten or twelve of them.

L. E. & W. RESIGNATIONS.

Supt. Parrish and Master Mechanic Carroll to Retire.

The resignation of L. G. Parrish, superintendent of motive power of the Lake Erie and Western, with headquarters in Cleveland, and that of Master Mechanic J. T. Carroll, with joint headquarters at Lima and at Tipton, Ind., were announced today, effective May 15. The retirement comes unexpectedly, and no successors are known.

PAID OUT $52,000.

March Distribution by Relief Department is Large.

In March the relief department of the Pennsylvania lines west of Pittsburg paid out a total of $52,479.40, of which $14,083.33 were for the families of members who died and $38,396.07 for members unable to work, either from sickness or personal injury. The sum of $7,601,394.31 represents the total payments of the relief fund of the Pennsylvania lines west of Pittsburg since it was established in 1889.

WILL SIGN TOMORROW.

The wage agreement between B. & O. S. W. officials and the conductors and trainmen will be signed toomorrow. William Clark, international vice president of the O. R. C.; T. R. Dodge, vice president of the B. R. T., and J. T. DeFrates and H. F. Smith, chairmen of the committees representing the two organizations, are in session at the Palace hotel, in Cincinnati, working out the details of the agreement, and will put their names thereto tomorrow morning, together with the name of the general manager.

FOR BETTER RATES.

A concerted movement by the steam roads of the country for increased passenger and freight rates is said to be the program for the summer, commencing June 1. Legislation will be an obstruction in the western states, where the limit is now charged, but in the east, where rates are lower than the maximum fixed by law, there will be no difficulty in making an advance. The increase will affect chiefly the commutation fares in passenger business.

HAD FOOT BONE BROKEN.

William H. Moeller Meets With Bad Accident.

Machinist William H. Moeller, of the Pennsylvania shops, sustained a fracture of one of the bones of his right foot, when the member turned under him as he alighted from an engine in the erecting shop yesterday afternoon. He was taken home, where the company's surgeon is attending him.

BANQUET FOR A PENNY.

This afternoon and evening, between 5 and 8 o'clock, the Ladies' society of the B. L. F. & E. will serve luncheon to all who apply which is unique in character. Every article will cost one penny, making a full meal in the neighborhood of fifteen or twenty cents. However, the luncher can make his bill to suit his finances. The supper is given at the hall over Dehm's store.

BOOK OF RULES EXAMINATION.

This morning Trainmaster J. F. Patterson, Assistant Trainmaster C. L. Hamilton, Division Operator Homer Reynolds and Signal Supervisor G. W. Hill, of the Pennsylvania, started out with a special train to examine employes on the new book of rules. Only men who are not able to attend the examinations here are examined on this trip and about two days will be consumed in the work.

LIKES FORT WAYNE BEST.

After a residence of three or four months at St. Thomas, Canada, during which he was firing on the Wabash road, E. Sovigny is again a machinist's helper at the Pennsylvania erecting shop, beginning work there this morning. He says Fort Wayne is the best place on earth and he means to stay here.

BLACKSMITH INJURED.

J. O. Hertwig, employed in the Pennsylvania blacksmith shop, had his right hand injured this morning while at work about a steam hammer. The member was painfully bruised, but no bones were broken.

TEN CAR IMMIGRANT TRAIN.

Running as a second section of Nickel Plate train No. 3 last night, a train carrying over 300 German and Swedish immigrants passed through the city. The foreigners are going into the farming districts of Minnesota and the Dakotas.

WOODMEN TO DAYTON.

The Woodmen of the World of this city have arranged to run an excursion to Dayton, Ohio, May 15, when it is said a class of 500 applicants will be taken into the order en masse. The order is strong here and, with the low rate offered, the C. H. & D. will have a good crowd out of Fort Wayne.

BIG FOUR TO BUILD SHOP.

The Big Four road contemplates the erection of a shop for repairing engines and cars at Springfield, Ohio, which will give employment to 200 men.

EYE PAINFULLY BURNED.

Machinist Ed White, of the Pennsylvania shops, will be off duty a few days. Yesterday one of his eyes was painfully cut and burned when a hot chip of steel flew in it.

INDUSTRIAL NOTES.

Machinist Michael Quinn, of the Wabash, is quite sick and will be unable to work for a few days.

Machinist C. F. Brown has recovered and resumed work at the Pennsylvania shops after an absence of ten days.

James Wilson, John White and M. C. Elliott, the former a machinist, took employment at the Wabash shops this morning.

Frank Lane, chief electrician of the Wabash, was in the city today, looking after matters connected with the department.

Arthur Westenfeld, clerk for Machine Shop Foreman Charles Brenner at the Electric works, is sick and has been absent two or three days.

C. E. Romy and Nicholas Snyder, of the Pennsylvania planing mills, left last night for Barbier lake, where they will spend the balance of the week.

Chief Draughtsman Wm. Stephan, of the Pennsylvania, went east yesterday morning in the interest of the company.

The Summit City Soap works is increasing its facilities for making soap. A big steel tank was added to the battery there today.

Machinist W. J. McCarthy resumed work at the Wabash shops this morning. He was off duty a week on account of the serious illness of his wife who has pneumonia.

Victor Monsir, of the electrical department of the Pennsylvania, went to Grafton, Ohio, this morning to assist in some work on the company's power plant.

Howard Jolly, traveling passenger agent of the Rock Island, and C. W. Howe, traveling freight agent of the New York Central lines, were business callers in the city yesterday.

The Pennsylvania sent an engine and train crew to Van Wert at 11 o'clock today to receive a train loaded with excursionists from points on the Cincinnati Northern and take them to Lima. The party will make the return trip late tonight.

Jacob Kalliker, of the Pennsylvania blacksmith shop, if off duty on account of the severe illness of his wife, who suffers from rheumatism. Other shopmen off duty are C. P. Lehmer, E. Roembke and J. R. Kretsinger, who are sick.

Colored laborers are in demand in some parts of the south and the cities in the north are being drawn upon for them. Monday three car loads of negroes, about two hundred men, passed through Peru, over the Chicago, Cincinnati and Louisville road, en route to Knoxville, Tenn., where they are to be employed in construction work.

Peru Chronicle: "President McCrea, of the Pennsylvania Railroad company, and party of other officials, passed over the Lake Erie and Western between Kokomo and Indianapolis this morning on board a special train. The Pennsylvania officials are making an inspection of the system."

S. B. Bechtel, H. J. Grosvenor, H. M. Bowser and L. F. Johnson, of the Bowser Oil Tank works, left at noon for Detroit, where they will transact some important business for the company. After a two days' stay there they will go to Dayton on business for the concern.

A reproduction in the Pittsburg Gazette-Times of a photograph of the men who participated in the Grant day banquet given by the Americus club, of Pittsburg, shows the faces of three men well known in Fort Wayne. They are D. F. Crawford, T. W. Demarest and G. P. Sweeley, all connected with the motive power department of the Pennsylvania railway.

HAVE $34.45 CASH APIECE.

Washington, May 5.—Estimating that the population of the United States on May 2nd was 90,123,000, the treasury figures that the per capita circulation of money on that date was $34.45. This is a loss for the month of April of forty-two cents and is explained by the large exports of gold during that month, amounting to about $30,000,000. The amount of money in circulation on May 2 was $3,104,547,273.

Dr. Hardman Specialist

I Cure Pelvic, Nervous and Chronic Diseases

A Few Questions You Should Ask Yourself:

Do you want to get well? Do you want to enjoy the blessings of health? Can you afford to continually suffer the tortures of a disease-ridden body? Is not your health worth more to you than the little money it would cost you to get well? Do you think you are treating yourself right by not getting rid of the shackles of disease? If you do—honestly, do you think you are doing right with your friends, your loved ones and those dependent upon you in not freeing yourself from disease and again becoming strong and healthy, so that you may be the better enabled to provide for them, as God intended you should? Do you not know that, besides the pain and physical discomfort you have to endure, that your ability to work and your earning capacity are lessened directly in proportion to the extent of the disease with which you are afflicted? Do you not know that you are losing money every day you put off getting well? Did you ever stop to consider what it costs you not to enjoy good health.?

Every man that does less than he should do at his desk, in the shop or on the farm, is weak in some way. I have found that the man who cannot accomplish all that he hopes or expects to is often the silent sufferer from some hidden **Chronic** or **Pelvic** disease that is slowly but surely undermining his health, usually affect one or more of the important nerve centers of the body, and as surely unfitting him for competing with his fellow menn who are strong and healthy.

These neglected or unknown conditions are usually diseases of the pelvic organs, which reflexly act on the organs of **digestion, of elimination** and the **nervous** system, which in turn has its influence on the brain. I have made a study of the nervous system and have perfected methods that will **CURE Pelvic Diseases.** I will give you a searching and thorough examination and explain to you the true nature of your trouble.

Hundreds of people in and about Fort Wayne who have taken advantage of my treatment are now satisfied and are enjoying the blessing of health. Many of these I have cured after they had vainnly sought relief at the famous health resorts and spent much hard-earned cash in their efforts to get well.

Every day competition is getting more keen and the natural and inevitable result is that the weak must fall behind and watch those who are strong and healthy forge to the front.

I have spent years in the study and treatment of **Pelvic, Nervous** and **Chronic Diseases** and have perfected methods which will not only **positively and permanently cure these chronic and deep-seated diseases,** but will restore to a normal and healthy condition the broken-down and devitalized organs.

Think it over and consider if you can afford as a matter of business to neglect yourself and risk **FAILURE** because you are handicapped by disease.

Many a man has been forced to abandon a successful career because of some **PELVIC** or **CHRONIC disease,** which has insidiously wrecked his nervous system and unfitted him for performing the duties which he otherwise would have been able to perform.

It makes no difference how long you have been afflicted, if I accept your case I will positively cure you.

I have made it an invariable rule to accept no cases for treatment that I cannot cure. While this, of course, compels me to refuse to treat quite a good many cases which come to me, it has established a confidence in the public that when I accept a case for treatment I will accomplish a cure. This is the reason by business has grown to such remarkable proportions; that I have, beyond question, the largest business of my kind in the state, and hundreds of satisfied patients whom I have cured are ample evidence of my ability to successfully treat these chronic and deep-seated diseases in which the ordinary methods have failed. **I HAVE NO TIME TO WASTE ON INCURABLE DISEASES.**

I Repeat, No Man Can Afford to Run the Risk of Failure Because of Being Handicapped by Disease—Read This.

Ft. Wayne, Ind., November 9, 1909.

Dr. W. E. Hardman.

Dear Sir—On May 14th, 1908, I came to your office for treatment for a trouble I had suffered with for several months in such a way that I became almost unable to attend to my work, in fact I could hardly walk more than a square or so without having to stop and rest.

I can now say that I consider myself well and am able to attend to my work in an entirely satisfactory way. If my experience will be of any benefit to any sufferer I am glad to add my word of gratitude for your treatment.

AUGUST ZOLLINGER. 701 E. Washington St.

Ft. Wayne, Ind., Feb. 10, 1910.

Dr. W. E. Hardman, Ft. Wayne, Ind.

Dear Doctor—On October 29th I called on you for treatment for a Fistula, Stricture and Prostatic inflammation with which I had suffered for over ten (10) years to such an extent that it was almost impossible for me to attend to my business.

I have treated with you only a little over three (3) months and I can truthfully say that I consider myself practically a well man, although you stated when I began treatment that it would take several months to cure me. I have spent many times what you asked me for a complete cure, and have heretofore received absolutely no benefit whatever, and I consider that the price you asked me, and the money I paid you the cheapest investment that I ever made in my life.

Sincerely yours, E. L. WATSON.

Fort Wayne, Ind., Nov. 5, 1909.

Fort Wayne, Ind., Nov. 5, 1909.

Dr. W. E. Hardman.

Dear Doctor—In reply to your inquiry regarding my condition, I will say that I am glad to state that I am now a perfectly well man.

I came to your office for treatment for Prostatic Inflammation with which I had suffered for several years. Your treatment lasted from November 22nd until August 31st at which time you pronounced me a well man, and as I have had no recurrence of the trouble, I am glad to state that I am thoroughly satisfied with your treatment and would be glad to recommend your service to any one who might be suffering from the condition I was.

Yours very truly,

JOHN H. REIDT.

Fort Wayne, Ind., Feb. 10, 1910.

State of Indiana, Allen County:

Personally appeared before me, a Notary Public, the within named affiant, Dr. W. E. Hardman, who deposeth and saith upon oath that the above letters of endorsement are bona-fide and true copies of letters on file in his office, and that the originals are duly signed by the parties writing them, and that he agrees to forfeit one hundred dollars ($100.00) if it can be shown that they are not what as represented to be.

JOHN H. SAYRE, Notary Public (Seal.)

These letters are taken at random from among the many which I have on file at my office, and everybody who is interested in obtaining a cure is welcome to call and examine the same. I have letters from some of the best people in and about Fort Wayne who are glad to show their appreciation of my services and their gratitude to me for having cured them.

BLOOD POISON—Only the most advanced methods are used by me in the treatment of Blood Poison and kindred diseases.

I use serums and vegetable drugs, and by their use I am able to rid the body of the poisons in about half of the time necessary by the old methods. Besides mercury and mineral poisons often ruin a man and leave him in a decidedly worse condition than before he began the treatment.

ECZEMA and other skin diseases are quickly and permanently cured.

NERVOUS BREAKDOWN and nearly all nervous diseases are the direct results of Chronic or imperfectly treated PELVIC DISEASES, such as VARICOCELE, PILES, FISTULA, STRICTURE, etc. I not only remove the cause, but many years of experience in the treatment of nervous and pelvic diseases, enable me by special methods to revitalize the entire nervous system and to resore to perfect health nearly all sufferers from NERVOUS BREAKDOWN and VITAL WEAKNESS.

PROSTATIC ENLARGEMENT—This may result from a number of causes. The constant jarring and vibration of trains and trolley cars are a very potent cause. Bicycle riding and the use of riding implements on the farm are factors in producing this disease. In fact, the causes are so many and varied that fully 75 per cent. of all adults are afflicted to a greater or less extent by this disease. The disease is so little understood, and as one of the principal symptoms is a pain in the back, it is usually called kidney trouble, and treated with local applications or sedatives, which can do no possible good whateved. I reduce the enlargement and have been able to cure about 90 per cent. of all cases.

VARICOCELE—I cure Varicocele in a few days' or weeks' time without the use of the knife.

STRICTURE—I readily remove stricture by my solvent method without the use of instruments.

PILES—FISTULA, ETC., cured without detention from business and without the use of the knife.

RUPTURES—I cure ruptures in a few treatments without the use of the knife and without pain or detention from business.

Fully one-half of these cases that are operated upon result in partial or complete failure. One hundred per cent. of those I have treated have proven successful.

Think of it—can you afford to run the risk of an operation when a more successful method may be had? And without the consequent suffering and detention in the hospital, and at the same time you are able to go about your usual work.

The wonderful growth of my business and the unprecedented success I have had in treating those chronic and deep-seated diseases is due to a number of causes.

Clean advertising and clean business methods naturally bring to me an intelligent and self-respecting class of people.

I have always made it a rule never to put into my advertising anything that might be deemed vulgar or offensive by the most critical.

I have made it a point never to accept any case for treatment that I though incurable.

I always give everyone a thorough and systematic examination and endeavor to find the exact condition before I had begun treatment. I then treat the diseases instead of the symptoms.

I treat only a few disease and endeavor to thoroughly understand every one of them, instead of attempting to treat several hundred, which naturally would make it impossible to give more than a superficial study to each one.

Is is any wonder then why I have been so phenomenally successful?

As to my responsibility, ask the banks or look me up in the commercial agencies.

All I ask is a fair chance and I will give you the cure you have paid others for.

IN THE CITY'S CHURCHES

ST. PETERS DRAMATIC CLUB IN THREE PROGRAMS

Will Present Drama in Fort Wayne and Decatur Next Week.

For the members of the Dramatic club of St. Peter's Catholic church the coming week promises to be unusually busy. Three presentations of the popular historical drama, "The Man With the Iron Mask," will be given by the players. Programs are scheduled for Sunday and Monday evenings, May 8-9, at St. Peter's school hall, and for Wednesday, May 11, at the opera house at Decatur. The drama, of which W. J. Lucas is the author, is arranged in four acts, covering as many epochs. The scene of the drama and the dramatic personae are as follows:

Act one—1657: Scent 1—On the banks of the Yonne, near Semur, in Southern France.

Act two—1659: Scene 1—A saloon in an inn. Scene 2—Apartment of the Marchioness.

Act three—1669: Scene 1—The Isle of St. Marguerite. Scene 2—The Prison.

Act four—1680—Scene 1—In the bastile.

MRS. M. A. MASON HONORED.

State Sunday School Association Confer Handsome Pennant.

Mrs. Maud J. Baldwin, superintendent of elementary grades and the missionary department of the Indiana Sunday School association, with headquarters at Indianapolis, has conferred a handsome pennant on Mrs. M. A. Mason, of Fort Wayne. The recipient is the superintendent of elementary grades in the city and county Sunday schools of Allen county, and the gift is a recognition of Allen county having, outside of Marion county, the largest number of elementary grade teachers at the state Sunday school convention recently held in Indianapolis. Another pennant was awarded for the most perfect report of the year's work.

A meeting of the officers of the City Sunday School association will be held next Monday evening at the office of Dr. M. A. Mason, 130 West Wayne street. Dr. Mason, who is the president of the City and County Sunday School association, announces that the meeting will be held for discussing preliminary plans for the state convention to be held in Fort Wayne in 1911. Later it is proposed to hold meetings of both city and county officers, for it is believed that the work should be started early for the convention and every effort made to make it a great success.

TEMPERANCE DAY.

Special Programs in the Sunday Schools May 8.

"Temperance Day" programs will be given during the sessions of the Sunday schools in many of the churches next Sunday. Special preparations are being made at the First Methodist Episcopal church. One of the features of its observance there will be the singing of the latest temperance song "Marching to Victory." It was composed by Louis Bechtold, an aged member of the First church. He is totally blind but is able to manipulate the typewriter and plays his own accompaniment to the song he has just finished. It is set to the music of Marching Through Georgia" and in the seven stanzas covers the spread of temperance and closing of saloons in the various counties of Indiana. Five hundred copies of the song have been printed and many will join Mr. Bechtold in singing it next Sunday.

Don't Let Your Piles Grow

Every Hemorrhoidal Ulcer Is a Fertile Field for Cancer and Other Deadly Diseases.

TRIAL PACKAGE FREE.

Constipation unchecked brings inflammation, inflammation begets piles and piles too often superinduce tumors of malignant nature.

Piles (or hemorrhoids) rarely kill, but they cause more agony in a few minutes than much more serious troubles.

They are easy to cure if you go at it right.

An operation with the knife is dangerous, agonizing, and rarely a permanent success.

There is just one way to be cured—one sure way, painlessly and privately—and that is with Pyramid Pile Cure.

We mail a free trial package to all who write.

It will give you instant relief, and start you well on the way to a perfect cure.

Then you can get a full-sized box from any druggist for 50 cents, and often one box cures.

Insist on having what you call for.

IT IS MAKING A BIG NOISE

Can Be Heard All Over Indiana.

"After hearing of the remarkable cures Root Juice was making in other cities, I concluded to give it a trial and see what it would do for me, although I had suffered with a stomach and bowel trouble nearly nine years, and had almost come to the conclusion that my case was beyond the reach of medicine, as I had tried nearly every remedy under the sun. But when I did begin with Root Juice, I noticed improvement the very first day. My case being of such long standing, would seem to have made the progress of the medicine very slow, but, on the contrary, I built up with great rapidity, and in less than three weeks from the first dose, I had gained ten pounds, and am free to say that I never felt better in my life.

"For years I was unable to eat anything but what would cause violent cramping of the stomach, bloating, nervousness, mal-nutrition, loss of flesh and strength, in fact all of the painful symptoms of the stomach and bowels known to humanity. I was badly constipated, pallid and thin, which caused many friends to think I had consumption.

"I don't think a more stubborn case of stomach and bowel trouble existed in Seymour or Jackson county. It is surely saying a great deal for a medicine that will make a person strong and gain flesh and health so rapidly after scores of other medicines had failed to do any good."

MULLIN AND TRIPLE PLAY BEAT THE WHITE SOX

Simmons and Bush Figure in Fast Work—The American League.

George Mullin pitched in magnificent form against the White Sox at Chicago and shut out Duffy's troupe four to nothing in a game characterized by a double play. With Dougherty on first and Cole on second Purtell hit a line drive to Simmons, who stabbed it, touched first before Dougherty could get back and pegged to Bush, who nabbed Cole at second.

At St. Louis President William Taft saw the last rounds of a fourteen inning tie between the Browns and the Naps. Cleveland scored three runs and took a lead in the sixth and St. Louis got two and a tie in the seventh and this ended the scoring and the game was called on account of darkness. Veteran Cy Young battled through the whole performance and was hit for only ten safe bingles.

Although Frank Oberlin had errorless support and held New York to six hits, New York won from Washington by a score of four to two, with six fielding bobbles to overcome. Jimmy Austin, who formerly played with Dayton in the Central league, got two of the Highlanders errors.

MR. TAFT COULD NOT STAND PLAY OF REDLEGS

President Quits Game After Few Innings—Results in National.

Although President William Taft is loyal to the Cincinnati Reds as a rule, he could not stand their raw work at St. Louis yesterday and left the park after the Cardinals had scored a dozen runs in three innings. Griffith used three pitchers and they gave sixteen bases on balls while they were on the mound.

Mordecai Brown had the Pirates tamed and eating out of his hand until the eighth inning, when he was batted hard and often and six runs went over, turning a three-to-two victory into and eight-to-three defeat.

New York defeated Brooklyn 2 to 1 in an exciting finish. With the score 2 to 0 in New York's favor in the ninth, Wheat reached second on Devlin's error. Hummell was out on a line catch by Devlin and Daubert hit down to Fletcher, who threw to third. The decision of safe by Emslie was close and McGraw argued the matter for two minutes, appealing to Chief Umpire Rigler, who refused to alter the ruling. Rigler finally pulled his watch and McGraw went to the club house. Wheat afterward scored.

TIDBITS OF SPORTING NEWS

Knell released Manning, Dell and Abbott before he left for Wheeling and the club is now only one man above the limit of fifteen.

Bert Annis is consoling the fans with a two-inch double-column ad in the papers telling them not to worry as the new Ramona park will be ready in time for the opening game next Thursday.

Joe Begley, the first baseman taken by Grant from Zanesville in exchange for Ned Crowder, has not reported for duty and he will probably be suspended. He has asked for a ticket but failed to show up in time to get into condition and it's likely he will not draw much of his first month's pay if he does drift into the camp.

Ministers at Milwaukee are urging upon the new mayor that the city ought not to rent the auditorium, which is a public building, to promoters for prize fighting and are making a strong plea to stop the boxing game altogether.

These $5,000 and $10,000 beauties seem to be having a hard time of it in the big leagues. Last year it was Rube Marquard who went all to pieces. This year Russell Blackburn, who cost the Chicago White Sox just an even 5,000 iron gentlemen, has gone.

Barney Wolfe, who has not been working out with the Wheeling pitching staff, reported yesterday just before the opening of the season. He had not been ordered to report earlier.

Patrick Gillespie, famous as a ball player in the days of the old New York Metropolitans, is dead at his home in Carbondale, Pa. Gillespie was one of the greatest outfielders of his time. He was about 50 years of age.

Johnny Kling has signed a three-year contract with the Chicago National League Baseball club, "subject to the terms of the national commission's ruling." This means that Kling will get a salary of $4,500 for the season. In addition, Kling was given a check for his share of the $10,000 prize money that President Murphy presented his players at the close of the 1908 season.

Harry Hammond pitched his first game for Denver yesterday and won from Des Moines by a score of 8 to 2. He allowed four hits.

Jess Runser played short for Madison in the W.-I. league yesterday and had four errors out of eight chances.

Marty Nye, who tried out with Jack Hendricks several years ago, is playing with Davenport.

Tony Fremer played his first game with Waterloo yesterday. He had two hits, a run, a stolen base and nine fielding chances without an error.

Aggressive Play Wins a Ball Game in the First

Jimmy Burke's Crew Played Zanesville Off Its Feet from the Call of Time in Opener.

[The Sentinel Special Service.]

Zanesville, O., May 5.—Aggressive baseball played by Gingery Jimmy Burke's Fort Wayne crew swept Roy Montgomery and his fighting Athletics off their feet in the opening round of the first battle of the season and with Walter Miller performing in impressive style the battle went against the home guard by a total of 7 to 4.

Fighting every inch of ground the new Fort Wayne leader demonstrated that the Central league has two new elements in Jimmy Burke—aggressiveness and a thorough knowledge of the game. Quick to see and take advantage of a weakness or a slip of the opposition, ready to inject new plays when the old ones fall and always on the jump Claude Varnell's pilot gave out the impression here at the start that the managers will have a battle every time they meet him.

Walter Miller passed six men and hit one but at no time did he weaken and he featured the game with his fielding, handling five chances during the engagement. Kenworthy, always strong against Fort Wayne, could not weather the storm and although he was hit only seven time safely as against half a dozen registered against Miller he did not have the support accorded the Fort Wayne hurler.

The fighting leader of the Fort Wayne club set his machinery in motion right off the reel and a hit and run play with two down netter a pair of tallies, and placed the manager on second. With Blount in the discard Frank Donahue stopped a shoot with his pistol pocket in the opening round and Burke sent him down on the first ball, but he was nipped at second. Holmes let Patterson's third strike get away from him and although there were two out Burke tipped the big runner a sign and down he went beating the throw to second for the only stolen base of the struggle. Young drew a pass.

With a hit and run sign the two runners were off with the pitcher's arm, drawing a couple of men to the bags to block a double steal and leaving an opening through which the leader shot a sizzling two-base hit that sent two tallies over. By the time he had comfortably settled at second Dal Gainer kicked in with a two-base smash that gave the visitors the third run.

This margin was good all the way through. Gilbert hit in the second half and Campbell moved him up with a bunt that rolled safe. Montgomery tried to advance both with a bunt but Miller shot the ball to third ahead of Gilbert and nailed him. Bill Hillinger got a single and Swartling a double that counted two men and that would have tied up the score had Zanesville played the same kind of ball that was being played against the team.

Gainer's single, Justice's bunt and Quiesser's single base counted in the fourth and Zanesville got it back when Swartling was hit by a pitched ball, moved up on a sacrifice, took another bag on an out and scored on Holmes' hit. Fort Wayne added two in the next round. Donahue was passed and Patterson moved him up with a bunt. Young drove the ball at Ned Crowder who hit Donahue in the back trying to cut him down at third and a score went over. Young took second on the play, third on Burke's out and scored on Gainer's single. Zanesville's last run was made in the final half on a walk to Montgomery and Hillinger's double. The score:

GOODWIN IN TOUGH LUCK AND WAS BEATEN

Bases on Balls and a Bad Bound Worked Against Him—Scores.

Clyde Goodwin had tough luck in his engagement with St. Paul yesterday, when he forced in a run in the first inning with a pass and another was scored on an infield out. He had tougher luck when an easy grounder in the sixth took a bad hop and went for a single, robbing him of a no-hit game.

Johnny Fisher pitched a game for the Colonels against Milwaukee and Woodruff won it for him by hitting a home run in the seventh inning with a man on bases, sending in the two runs necessary to win.

Kansas City gave Indianapolis an awful beating in the opening game of the western series, taking the game ten to nothing. Lindaman and Graham were both hit hard with men on bases.

Minneapolis and Toledo put up a great struggle and the teams played on even terms in the matter of fielding, but the Millers got their hits when they counted and won. The scores:

Convention dance, Thursday. Mulqueen's. 4-2t

COMMANDER JULIUS A. PRATT POST NO. 143, DEPT. 111, G. A. R.

Mr. Isaac Cook, commander of above post, Kewanee, Ill., writes: "For a long time I was bothered with backache and pains across my kidneys. About two months ago I started taking Foley Kidney Pills and soon saw they were doing just as claimed. I kept on taking them and now I am free from backache, and the painful bladder misery is all gone. I like Foley Kidney Pills so well that I have told many of my friends and comrades about them and shall recommend them at every opportunity." Dreier Bros.

JEFFRIES STOCK IN BETTING UP TO 10 TO 7

Selection of Referee is Postponed After a Long Wrangle.

San Francisco, May 5.—The betting odds on the big fight July 4 changed today. The quotation on Jeffries now is 10 to 7, instead of the original 10 to 6. The question of choosing a referee is going to prove difficult. Eddie Smith and Charley Eyton, who are preferred by the Jeffries contingent, are persona non grata to the Johnson faction, and the latter's choice, Jack Welch or Eddie Graney, is in equal disfavor with the opposing camp.

"I'll name fifty candidates, but you won't have one of them," said Johnson at yesterday's conference.

"Why not?" queried Berger.

"Because they're all smokes," said the negro, flashing his "golden smile."

After half an hour's gentlema.. wrangling at Jack Johnson's training quarters on the ocean beach yesterday promoters and principals of the fight came to a deadlock over the choice of a referee. It finally was decided to postpone the selection of that official until May 16.

After the elimination of a few undesirables the controversy narrowed down to Eddie Graney and Jack Welch, of San Francisco, and Eddie Smith, of Oakland, Johnson insisting on one of the two former men and Sam Berger holding out for Smith.

Johnson's objection to Smith was that Smith gave him the wrong end of a decision in a fight with Hank Griffin in Oakland a few years ago.

Nelson Makes More Than When He Was Champion

The loss of the lightweight championship to Wolgast on Washington's birthday does not seem to affect Battling Nelson—in fact, he says he is making more money now outside of the ring than when he held the title. This is the way the Dane talks:

"When a champion keeps on winning the public gets tired of him. I won so many battles after taking the championship from Joe Gans that the public got tired looking at me. The public, as a rule, has little use for a loser, but it figured after my defeat by Wolgast that I had made one of the gamest battles in the history of the ring, and that I had always won or lost on the level. So it got interested in me again, and I am deluged with offers to appear on the stage.

"Since the Wolgast bout I have made $8,735 above my expenses, or, including my expenses, about $1,200 a week. In the same length of time Wolgast made $6,000, and had to pay his expenses out of that sum. Why, the week after the fight Wolgast did not work—in fact, it was two weeks before he succeeded in getting an engagement. I lost the battle Tuesday afternoon, and Wednesday evening left for Chicago, arriving there Sunday morning. I started working that afternoon, and in the two weeks Wolgast was looking for an engagement I cleared up $2,400.

"I am going to fight Wolgast again, and honestly believe I will whip him. I was simply overworked when I met him in California in February. When I had him almost out in the twenty-second round I lacked the ginger to finish him. He was at his very best, and inasmuch as he is not a careful person regarding his habits, I do not believe he can ever be as good again as he was on the day he faced me. Now, if Wolgast at his best could not knock me out, or even knock me down, when I was at my worst, what chance has he got against me when we meet in September, when I will be at my best and he not as good as he was two months ago?"

HOME TEAMS DROP THEIR OPENING BATTLES

Visitors Pluck the First Games in All Central League Towns.

Every Central league team that played its opening game on the home grounds lost. Fort Wayne trimmed Zanesville, Dayton licked Wheeling, South Bend trimmed Evansville and Grand Rapids pummeled Terre Haute.

The Tots and Stags put up the tightest fight on the circuit so far as the score is concerned but Terre Haute blew up in the first battle and injected three errors into the play that cost a victory. Grand Rapids hit Asher ten times and the Tots got as many off Cook but they were not as well placed.

Manager Grant himself was the chief offender in the game at Evansville and two boozles that he chipped in counted against his team. He sent Billy Cristall in for the opening and Elmer Moffitt was picked to do battle with him but he got in distress and Ed Smith was hustled to the rescue and managed to hold the lead that had been accumulated.

Dayton and Wheeling hit at about the same gait, but the Veterans piled most of their bingles into the fifth inning and grabbed three runs that won the game. The scores:

TWO VIEWS OF THE UMPIRE.

The umpire on the baseball lot
Was cool, although the game was hot,
And his decisions gave
In manner ending all dispute,
And though the fans would wildly hoot,
His arm he'd simply wave.
What he said very plainly went,
He won in every argument.

"He's out," a dozen times he said
And fixed the mask about his head.
And whether right or wrong,
I noticed that the man was out
Beyond the shadow of a doubt,
Though kicks were loud and long.
And many raged and wildly cursed,
The umpire never was reversed.

A ball or strike, or fair or foul,
No matter how the fans might howl,
And players fume and fret;
Whate'er he said they were, they were.
Though doubts in all things else occur,
On that 'twere safe to bet;
And, oh, I thought how grand 'twould be,
Were I as firm and sure as he!

But home the umpire went that night,
Secure in his own sense of right,
And sat him down to dine.
"The steak is tough, my dear," said he.
"It's not," then promptly answered she.
"I'm sure that it is fine."
"It's tough," he replied, quite hot.
"I tell you," said his wife, "it's not."

And then they bickered o'er the meal,
The man from whom there's no appeal,
And just a little woman;
But in the end the umpire ate
The steak, admitting it was great,
Thus proving that he's human.
Umpires sometimes reverse their views,
And there are arguments they lose.

PIPE THE SUITS.

[Zanesville Times-Recorder.]
If you hear a funny noise at the park today, look at the Fort Wayne uniforms. They are of black, light grey and dark grey plaids with big red letters across the chest and a monogram on the sleeves. The gang duds up in red sweaters, too. How about the "Redbirds" for a new name?

NOTES OF THE AMATEURS.

The Hoosiers, who have bought new uniforms and who will make a fine appearance this season want to book games with northern Indiana teams and dates can be secured by addressing J. Uebelhoer, 613 Brackenridge street. The club has been playing good ball and is composed of Bechtel, 1b; F. Uebelhoer, 2b; Haber, 3b; Carr, ss; Wichman, lf; McDarby, cf; Lenz, rf; Hines and E. Uebelhoer, catchers, and Swartz and Smith, pitchers.

The Fort Wayne and Wabash Valley's office team will start its season Saturday afternoon at 3:30 o'clock, meeting the Bowser Blues in a game on the Robison park diamond. The batteries for the Bowsers will be McGinnis and Libely, and for the Wabash Valleys, Freimuth, Cour and Kartholl. Teams desiring games with the Traction nine may address H. W. Lohman, manager, 'phone 293.

The Columbia O. C. opened their season in grand style by defeating the Catawas 8 to 5, and whitewashing the Dayton 2 to 0. Holmes, who worked on the slab in the first game allowed only 7 hits, while Taylor, who worked in the second game allowed only 3 hits. The features of the games were the batting done by Fuelling and Lewis, and also a great one-handed catch by Hartman. The Columbias would like to book games with any team 13 to 15 years of age. Address T. Fuelling, 1324 Eliza street, or 'phone 2410.

TIEMAN BECOMES BENEDICT

South Bend, Ind., May 5.—George Tieman, who caught for the South Bend team for six years and was sold to Grand Rapids last winter, was married here yesterday to Miss Ruth Walker, of this city. He left with the team for Terre Haute and the wedding tour has been postponed until the close of the present baseball season.

Signals of Distress

Fort Wayne People Should Know How to Read and Heed Them.

Sick kidneys give many signals of distress.

The secretions are dark, contain a sediment.

Passages are frequent, scanty, painful.

Backache is constant day and night.

Headaches and dizzy spells are frequent.

The weakened kidneys need quick help.

Don't Delay! Use a special kidney remedy.

Doan's Kidney Pills cure sick kidneys, backache and urinary disorders.

Fort Wayne evidence proves this statement.

George Frey, 1233 Maumee avenue, Fort Wayne, Ind., says: "I can say that I have never found any other remedy as beneficial as Doan's Kidney Pills. I procured this preparation at Meyer Bros. Co.'s Drug Store and used it for disordered kidneys and pains in my back. I was relieved in a short time and for that reason, do not hesitate to recommend it."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

COL. SWOPE HAD A FEELING DEATH WAS NEAR

Said Day Before He Died His End Was Question of Short Time.

Kansas City, Mo., May 5.—That Col. Swope was in ill health for months prior to his death and that natural causes might have been responsible for the convulsions of Thomas H. Chrisman and Margaret Swope, the defense in the Hyde trial attempted to prove in its opening of its case today.

Sylvester Spangler testified that Col. Swope was so enfeebled for a year before he died that he fainted several times. The millionaire, said Mr. Spangler, told him the day before his death that he might die at any time. On cross-examination Dr. William Froehling admitted that the convulsions resembled cases of strychnine poisoning. The witness was in the hands of the state when adjournment was taken at noon.

"I am well satisfied with the trial thus far," said Dr. Hyde, before court today. "I think I shall be acquitted."

In an effort to prove Col. Swope's physical condition was poor, S. W. Spangler, for seven years business agent for the millionaire, was called to open the defense's case. Mr. Spangler said Mr. Swope drank heavily until eleven months before his death.

Gave Up Drinking.

When Col. Swope gave up drinking, testified the witness, he became very weak, sometimes suffered from fainting spells and was forced to lie down each afternoon. The millionaire was a user of patent medicines and remedies containing strychnia said Spangler.

"I may be here a day or a week, but I cannot last long. I'm liable to die at any minute," Mr. Spangler said Col. Swope told him the day before he died.

Much Range of Possibility.

Kidneys in the same condition as were those of Colonel Swope, especially when accompanied by a weak heart, might cause uraemic poisoning and result in death any time, said Dr Froehling. Hardened arteries, which Colonel Swope also had, would produce an irregular heart action, he testified. So dangerous were tumors of the kidney, said Dr. Froehling, that cells might separate themselves from the mother tumor, spread through the body and establishing themselves in vital spots, result in death.

Camphorated oil, which Dr. Hyde claims he injected into the arm of Margaret Swope, often produced inflammation, causing the patient much suffering. Dr. Froehling was of opinion that this remedy was a good heart stimulant and in common use.

"You would have had to know the pulse and the temperature before you gave this oil, wouldn't you?" asked Mr. Reed on cross-examination.

"Certainly," answered Dr. Froehling.

Margaret Swope's testimony was that Dr. Hyde injected the oil without examination of her condition.

ACQUITTED OF BIGAMY.

That He is the Father of Nine Held a Sufficient Defense.

New Orleans, La., May 5.—Joseph Vauthier was acquitted of the charge of bigamy in St. Bernard parish today after his attorney made a plea for acquittal on the ground that the defendant was the father of nine children. All of the nine children were in court. No attempt was made to controvert the fact that Vauthier had illegally married a second wife.

Vauthier claimed that he was intoxicated.

BOSTON BANKS HIS VICTIMS.

Forger Gets $5,000 by His Clever Operations There.

Boston, May 5.—Operations of a clever forger who obtained almost $5,000 in cash have just been revealed to the Boston police by the officials of the National Shawmut bank, which lost that sum through bogus checks. Three checks, two for small sums and the third calling for $4,875, were used by a man who gave his name as "Samuel Cohen." They all bore the alleged signature of Allen Arnold, head of the banking and brokerage firm of Allen Arnold & Co.

"Cohen" had previously transacted a small amount of business with the brokerage firm and was slightly known at the bank, so that the checks were readily cashed.

WOULD ABOLISH MIDDLEMAN.

Farmers Plan to Do Away With Speculation in Farm Products.

St. Louis, May 5.—Officers of the American Federation of Labor and of the different farmers' organizations in convention here continued today to discuss a plan of co-operation. A new organization to be called the National Farmers' Scientific Co-operative society probably will be the result of the deliberations. The new organization will endeavor to do away with the middleman and the speculation on farm products. Today's program of the farmers' rally was devoted largely to grain men. Representatives from grain and produce exchanges of the large cities attended the meetings. Twenty speakers were on the day's program.

DEATH HELD AN ACCIDENT.

San Francisco, May 5.—Death from accidental causes, was the verdict returned today by the coroner's jury in the case of Tammy McCarthy, prize fighter, who was killed last Friday night in a fight with Owen Moran, the English lightweight champion.

Saleswomen throughout the country have been sending congratulations to B. F. Hamilton, of Saco, Me., who has just attained his ninety-first birthday. Mr. Hamilton was the first merchant to employ saleswomen, and the people of his town, men and women boycotted his store in consequence. Many of the leading churchwomen called on him personally and remonstrated earnestly against what they called the sin of placing women in a position of such publicity as behind a counter for the purpose of selling goods.

Remember
Your Credit is Good

There's very little need be said about this store's ability to undersell---or this store's more liberal credit system---or this store's attractive policy. The people seem to know it. Those who once trade here come again and recommend their friends. The Grand Opening exhibit last Monday was a revelation to many who had not visited this store of late and the event has made many converts.

Let us hope, dear reader, that you, too, will hereafter profit by the advantages this store offers.

WITNESSES ARE PROCURED.

Illinois Men Summoned to Tell of Senatorial Scandal.

Chicago, May 5.—Summoned to appear before the grand jury which is investigating a charge that Senator Lorimer was elected by means of bribes, Representatives H. C. Beckmeyer and Henry A. Sheppard called at State's Attorney Wayman's office today. Henry Ackerman, a merchant of Centralia, Ill., also appeared. In addition to those named, the state's attorney declared that democratic Representatives Michael S. Link and Joseph S. Clark would be witnesses. Link, Clark and Sheppard are alleged by Representative White, according to his confession as printed in the Chicago Tribune, to have been at St. Louis last summer when the legislative "jackpot" was distributed.

Perfect secrecy as to the testimony of the witnesses is being maintained.

KATE BENDER DEAD.

Alleged Member of Notorious Kansas Family Passes Away.

Rio Vista, Cal., May 5.—Kate Bender, of the notorious family of Kansas murderers, is dead here, according to a statement made today by John Collins, a resident of this place. The woman, who was known as Mrs. Gavin and later as Mrs. Peters, was found dead several days ago in her home. Collins, who was her firend, said she revealed her identity to him several years ago, exacting a promise that he should not tell anybody until after her death. Collins declares the woman gave him a detailed account of many murders which she and her brothers committed in the Bender home at Cherryvale, Kan., in the seventies.

INSPECTION TOMORROW.

Regular Army Officer Coming to Concordia College.

Capt. P. C. Harris, of the general staff of the United States army, will arrive in the city this evening, and beginning tomorrow at 8 o'clock will conduct the regular annual inspection of the military department of Concordia college. The inspection will occur on the college campus, and will continue throughout the greater portion of the day.

TRIES SUICIDE IN A HOTEL.

New York, May 5.—A woman who registered at the Knickerbocker hotel yesterday as "Mrs. John W. Snow, Savannah, Ga.," shot and seriously injured herself in her room today. A bullet entered her left side. She was taken to a hospital where it was said she would probably recover.

VIRTUALLY ON STRIKE.

Brazil, Ind., May 5.—Seven of the ten clay factories in this city closed today and there is virtually a strike that will throw 1,250 men out of employment. Demands will be presented to the owners of the clay factories this evening. Workmen seek a general increase of 20 cents an hour in wages and a reduction in hours. The average pay is now from $1.60 to $1.75 a day.

The first woman apothecary in Germany has succeeded in passing her examination. She is Fraulein von Gusnar, age twenty-one. She has now proceeded from Berlin to Darmstadt, where she has been engaged as apothecary's help in a pharmacy there.

What the Sentinel Had to Say About Persons and Events Twenty-Five Years Ago.

Miss Georgia Maier is a pupil at the Cincinnati Conservatory of Music.

Lawrence Barrett will appear at the Temple Saturday evening in "Francesca di Remini."

Rev. A. T. Rankin, former pastor of the First Presbyterian church, died in New York last week.

Mr. J. Smith has been appointed postmaster at Sheldon, this county, on the recommendation of Congressman Lowry.

Gustave Scheidt, Carl Ide, Ernest Hisbrunner and John Thieme have been naturalized as citizens of the United States.

Marriage licenses issued: Ira L. Barkby and Mary English; James Hartley and Mary A. Hale; John M. Rowland and Elizabeth Hoover; Polekarp Mueller and Maria Rupel.

This morning Col. John Scott's paste brigade covered the circus paper on the wall at the southeast corner of Berry and Barr streets. This wall was decorated by G. Conkling Richards, and on behalf of the Fort Wayne Bill Posting company he charges Col. Scott with trespass in an affidavit in Justice Ryan's court. Mr. Scott does not court this notoriety, but says the wall is his.

This is a very quiet city election, contrary to expectations, but the fact may be accounted for by the continued rain, which fell at intervals since early morning. The vote is light, and in a few wards the friends of defeated candidates worked against the straight democratic ticket, but accomplished little. The indications are that the regular democratic ticket is elected by a good, round majority.

The Journal company held its annual meeting yesterday in Spencer & Jenkinson's law office. C. A. Zollinger resigned his position as president and M. V. B. Spencer was elected to take his place. George W. Lunt resigned the position of business manager and Samuel Miller was elected to fill the vacancy. The following directors were elected: William S. O'Rourke, Max Nirdlinger, J. B. Niezer, L. S. Null, Fred C. Bolt, M. V. B. Spencer and Samuel Miller.

MOTHER'S FRIEND

A LINIMENT FOR EXTERNAL USE.

One of the most valuable qualities of Mother's Friend is that it safe-guards the future health of the mother. It is a liniment to be applied externally to the body, the use of which lubricates the muscles and tendons, softens the glands and ducts, prevents lumps forming in the breasts, and relieves the pain, nervousness, nausea, and other troubles from which so many expectant mothers suffer. When Mother's Friend is used regularly it fits and prepares the system for an easy and natural consummation of the term. Women who massage with this great liniment are always saved much suffering when baby comes, and recover more quickly, and without ill effects. Mother's Friend is sold at drug stores. Write for our free book for expectant mothers.

THE BIG STICK FOR THE QUARRELSOME

[Continued from Page One.]

founder of this world-famous prize system, I did not, under the peculiar circumstances of the case, feel at liberty to keep. I think it eminently just and proper that in most cases the recipient of the prize should keep for his own use the prize in its entirety. But in this case, while I did not act officially as president of the United States, it was nevertheless only because I was president that I was enabled to act at all; and I felt that the money must be considered as having been given me in trust for the United States. I therefore used it as a nucleus for a foundation to forward the cause of industrial peace, as being well within the general purpose of your committee; for in our complex industrial civilization of today the peace of righteousness and justice, the only kind of peace worth having, is at least as necessary in the industrial world as it is among nations. There is at least as much need to curb the cruel greed and arrogance of part of the world of capital, to curb the cruel greed and violence of part of the world of labor, as to check a cruel and unhealthy militarism in international relationships.

The Great End in View.

We must ever bear in mind that the great end in view is righteousness, justice as between man and man, nation and nation, the chance to lead our lives on a somewhat higher level, with a broader spirit of brotherly good will one for another. Peace is generally good in itself, but it is never the highest good unless it comes as the handmaid of righteousness; and it becomes a very evil thing if it serves merely as a mask for cowardice and sloth, or as an instrument to further the ends of despotism or anarchy. We despise and abhor the bully, the brawler, the oppressor, whether in private or public life; but we despise no less the coward and the voluptuary. No man is worth calling a man who will not fight rather than submit to infamy or see those that are dear to him suffer wrong. No nation deserves to exist if it permits itself to lose the stern and virile virtues; and this without regard to whether the loss is due to the growth of a heartless and all-absorbing commercialism, to prolonged indulgence in luxury and soft effortless ease, or to the deification of a warped and twisted sentimentality.

Deeds, Not Words, Count.

Moreover, and above all, let us remember that words count only when they give expression to deeds or are to be translated into them. The leaders of the Red Terror prattled of peace while they steeped their hands in the blood of the innocent; and many a tyrant has called it peace when he has scourged honest protest into silence. Our words must be judged by our deeds; and in striving for a lofty ideal we must use practical methods; and if we cannot attain all at one leap, we must advance towards it step by step, reasonably content so long as we do actually make some progress in the right direction.

Now, having freely admitted the limitations to our work, and the qualifications to be borne in mind, I feel that I have the right to have my words taken seriously when I point out where, in my judgment great advance can be made in the cause of international peace. I speak as a practical man, and whatever I now advocate I actually tried to do when I was for the time being the head of a great nation, and keenly jealous of its honor and interest. I ask other nations to do only what I should be glad to see my own nation do.

Several Lines of Advance.

The advance can be made along several lines. First of all there can be treaties of arbitration. There are, of course, states so backward that a civilized community ought not to enter into an arbitration treaty with them, at least until we have gone much further than at present in securing some kind of international police action. But all really civilized communities should have effective arbitration treaties among themselves. I believe that these treaties can cover almost all questions liable to arise between such nations, if they are drawn with the explicit agreement that each contracting party will respect the other's territory and its absolute sovereignty within that territory, and the equally explicit agreement that (aside from the very rare cases where the nation's honor is vitally concerned) all other possible subjects of controversy will be submitted to arbitration. Such a treaty would insure peace unless one party deliberately violated it. Of course, as yet there is no adequate safeguard against such deliberate violation, but the establishment of a sufficient number of these treaties would go a long way towards creating a world opinion which would finally find expression in the provision of methods to forbid or punish any such violation.

The Hague Court.

Secondly, there is the further development of the Hague tribunal, of the work of the conferences and courts at The Hague. It has been well said that the first Hague conference framed a Magna Charta for the nations; it set before us an ideal which has already to some extent been realized, and towards the full realization of which we can all steadily strive. The second conference made further progress; the third should do yet more. Meanwhile the American government has more than once tentatively suggested methods for completing the court of arbitral justice, constituted at the second Hague conference, and for rendering it effective. It is earnestly to be hoped that the various governments of Europe, working with those of America and of Asia, shall set themselves seriously to the task of devising some method which shall accomplish this result. If I may venture the suggestion, it would be well for the statesmen of the world, in planning for the erection of this court, to study what has been done in the United States by the supreme court. I cannot help thinking that the constitution of the United States, notably in the establishment of the supreme court and in the methods adopted for securing peace and good relations among and between the different states, offers certain valuable analogies to what should be striven for in order to secure, through the Hague courts and conferences, a species of world federation for international peace and justice. There are, of course, fundamental differences between what the United States constitution does and what we should even attempt at this time to secure at The Hague; but the methods adopted in the American constitution to prevent hostilities between the states, and to secure the supremacy of the federal court in certain classes of cases, are well worth the study of those who seek at The Hague to obtain the same results on a world scale.

Should Check Growth of Armaments.

In the third place, something should be done as soon as possible to check the growth of armaments, especially naval armaments, by international agreement. No one power could or should act by itself; for it is eminently undesirable, from the standpoint of the peace of righteousness, that a power which really does believe in peace should place itself at the mercy of some rival which may at bottom have no such belief and no intention of acting on it. But, granted sincerity of purpose, the great powers of the world should find no insurmountable difficulty in reaching an agreement which would put an end to the present costly and growing extravagance of expenditure on naval armaments. An agreement merely to limit the size of ships would have been very useful a few years ago, and would still be of use; but the agreement should go much further.

Urges League to Enforce Peace.

Finally, it would be a master stroke if those great powers honestly bent on peace would form a League of Peace, not only to keep the peace among themselves, but to prevent, by force, if necessary, its being broken by others. The supreme difficulty in connection with developing the peace work of The Hague arises from the lack of any executive power, of any police power to enforce the decrees of the court. In any community of any size the authority of the courts rests upon actual or potential force; on the existence of a police, or on the knowledge that the able-bodied men of the country are both ready and willing to see that the decrees of judicial and legislative bodies are put into effect. In new and wild communities where there is violence, an honest man must protect himself; and until other means of securing his safety are devised, it is both foolish and wicked to persuade him to surrender his arms while the men who are dangerous to the community retain theirs. He should not renounce the right to protect himself by his own efforts until the community is so organized that it can effectively relieve the individual of the duty of putting down violence. So it is with nations. Each nation must keep well prepared to defend itself until the establishment of some form of international police power, competent and willing to prevent violence as between nations. As things are now, such power to command peace throughout the world is best be assured by some combination between those great nations which sincerely desire peace and have no thought themselves of committing aggressions. The combination might at first be only to secure peace within certain definite limits and certain definite conditions; but the ruler or statesman who should bring about such a combination would have earned his place in history for all time and his title to the gratitude of all mankind.

EDISON IS PICTURE SHOW FAN.

Inventor Visits Halls Where His Films Are Shown to Get Data.

Orange, N. J., May 5.—One of the most regular patrons of the moving picture shows in Orange is Thomas A. Edison. He goes as a critic, and if the subjects do not suit him the men in charge of the films department in his works hear from him next day. The inventor appeared in this city last night with one of the men from his factory, and quietly entered one of the cheapest halls here, paying his nickel at the door. He staid until the show was out and went home with a fund of material for his talk today with the department, over which presides Jim White, the best known moving picture man in the business.

GLAD HAND WAITING FOR TRAVELING SALESMEN

State T. P. A. Convention to Bring Hundreds Here Tomorrow.

Fort Wayne's glad hand is extended in welcome to the hundreds of traveling men and their wives who will come pouring into the city tomorrow for the annual convention of the Indiana division of the Travelers' Protective association. Pretty nearly everybody has heard something about the work of "the T. P. A.'s," as they are familiarly known, but from advance indications Fort Wayne will get a new conception of the magnitude and virility of this big organization of traveling salesmen before the convention comes to a close on Saturday night.

The blue and white of the T. P. A., with the red in the combination of colors, is blossoming out from scores of buildings in the downtown district, and the city will have on its prettiest frock when the salesmen arrive tomorrow. Local committees are expecting big delegations from a score of Indiana cities, and at least a hundred of the visitors will be accompanied by their wives. The visitors will reach the city tomorrow afternoon and the arrivals will include State President Lebo, of Richmond; National President O'Meara, of Indianapolis, and T. S. Logan, assistant to the National secretary, who will come from St. Louis. New Albany, Evansville, Indianapolis and Terre Haute are expected to send the largest delegations.

The big staff of Post A committees headed by J. A. Rossell as general chairman, have left nothing undone to provide for the comfort and entertainment of visitors to Fort Wayne. The Elks temple is convention headquarters, and the arriving visitors will be received there from 2 to 6 o'clock tomorrow afternoon. The first business session will be held Friday evening at 8 o'clock, followed an hour later by the dance and supper at the Anthony. With William S. Wells as grand marshal, the big parade will start Saturday morning at 8:30 o'clock, and during the morning convention session an automobile ride about the city has been provided for the ladies. Saturday afternoon will be given over to a musical entertainment at Elks' temple. Post A, the Fort Wayne T. P. A. organization, is the oldest in Indiana and the second in point of age in the United States. Its members are prepared to take handsome care of the big state convention occasion. Mayor Grice and Postmaster Hanna will be among the speakers who will voice the formal welcome to the delegates at the opening session.

COLLISION ON THE B. & O. ROAD.

Fireman Killed and Two Others Hurt in Wreck Near Clarksburg, W. Va.

Clarksburg, W. Va., May 5—A head-on collision between freight trains No. 97 and 84 on the B. & O. railroad four miles east of here today resulted in the death of Fireman Haddock, of Grafton, W. Va., and the serious injury of Engineers Crook and Vernon and Fireman Webb. The injured men were taken to a Grafton hospital. The body of Fireman Haddock is buried underneath his engine. Traffic was delayed for several hours on account of the wreck, which is believed to be the result of confused orders.

Received fresh today, Spanish Mushrooms and home-grown Strawberries, served at all times at the Hof Brau.

THE MARKETS

GRAIN AND PROVISIONS.

Chicago Market.

Chicago, Ill., May 5.—Allegations that much seed in the northwest is rotting in the ground stimulated the wheat market today. All the other news tended to produce weakness. There were rains all through Kansas, Oklahoma, Nebraska and South Dakota. Furthermore the buying excitement at Liverpool appeared to be over. Prices opened ¼c to ⅝c lower to ¾c to ⅞c higher, the latter for May. Cautiousness of selling on the break, however, was evident. The market rallied sharply, September going up to $1.02¼.

Small offerings from the country seemed to some extent to equalize the tameness of cash inquiry for corn. Speculators bought a little because of the strength shown in wheat. The market opened ⅛@¼c lower to a shade higher with September at 63¾c. A rally to 63⅝c followed.

Oats encountered fair buying on the dip. Prices started ⅛c to ¼c lower with September at 38⅛c to 38⅜c and reacted to last night's figures.

An advance in the quotations for live hogs sent provisions higher all around. For the September option pork was up 30c, lard 10c and ribs 15c.

STOCKS AND BONDS.

The Day on Wall Street.

New York, May 5.—There was continued active demand for stocks at the opening today and prices advanced throughout with the exception of initial sale of one hundred shares of Union Pacific at a decline of ¼. This was immediately followed by a transaction of two thousand shares at ½ point higher. Denver & Rio Grande, Wabash, Reading, Chesapeake & Ohio and International Pump rose 1 and United States Steel, American Smelting, Anaconda, Southern Pacific, Kansas & Texas, Atchison, Colorado & Southern and Central Leather large fractions.

The demand for stocks was urgent and broad and there was a further substantial advance all along the line. Gains of a point or thereabouts were frequent. Colorado Fuel and Great Northern Certificates were lifted 1¾ points, Reading and Chesapeake & Ohio 1¾, and Southern Pacific, Pennsylvania and Delaware & Hudson and Northern Pacific 1¼. The market was quieter at 11 o'clock and price were lower.

After rising further the market began to show some hesitation and Amalgamated Copper was forced 1¼ and American Smelting 1 below last night and others a fraction to a point below the best. Lack of confirmation of yesterday's reports of bond sales abroad was felt, but credence in the reports kept the undertone of the market firm. Louisville & Nashville rose 1½. Bonds were irregular.

Continued pressure on the copper stocks had a depressing effect on the whole market and prices yielded. Some of the standard railroad stocks ruled below yesterday's close and but little remained of the forenoon rise in others. National Lead lost a point.

The wiping out of the day's gains, coupled with the heaviness of the metal stocks led to extreme dullness followed by fractional recoveries.

The market closed buoyant and active. In spite of the slackening of the buying movement, the professional element showed caution and timidity in selling stocks. Buyers were encouraged to take up the movement again and a brisk recovery in prices was the consequence. The market leaders rose to the best. Southern Pacific gaining 2½, Union Pacific 2 and St. Paul, Rock Island, United States Steel and Central Leather 1½.

SUMMER MILLINERY

Artistic designers have sent us their newest creations and our own milliners have contributed many charming styles, making our display of summer millinery exceedingly attractive. We are closing out all our spring trimmed hats at greatly reduced prices.

A lot of new shapes in untrimmed hats at **48c** and **98c** each.

We have selected a number of nicely trimmed hats that were $6.00 to $8.50, and offer them now at **$2.98**.

Another choice lot that were $8.00 to $12, now **$4.98**.

Summer Underwear

In the race for public favor our knit underwear department has always taken first place because none but the worthy kinds find room here, and the prices are such that every garment we show wins appreciation. Just now our stock is complete. Excellent qualities in cotton and lisle, in the cool, delightful weaves for summer wear. Single piece garments or union suits, as you prefer, and every garment the very best to be had for the price.

Fine Swiss ribbed vests start as low as **10c**; then **12½c, 15c, 25c, 50c**, and up to the very finest made.

Union suits, all styles, from **50c up.**

We are sole agents for the "Merode" hand-finished underwear, made by a woman for women who appreciate dainty excellence.

The Rurode Dry Goods Co.

A LARGE CONTRACT.

When Meyer Bros. Co., the enterprising druggists, first offered a 50 cent package of Dr. Howard's specific for the cure of constipation and dyspepsia at half price, and guaranteed to return the money if it did not cure, they thought it probable from their experience with other medicines for these diseases, that they would have a good many packages returned. But although they have sold hundreds of bottles, not one has been brought back.

Meyer Bros. Co. wants every person in Fort Wayne who has constipation, dyspepsia, headaches or liver trouble to come to their store or send them 25 cents by mail and get 60 doses of the best medicine ever made at half the regular price, with their personal guarantee to refund the money if it does not cure.

To those suffering with dizziness, headache, poor digestion, constipation and straining, Dr. Howard's specific offers quick relief.

CITY BREVITIES.

Mrs. C. W. Rodenbeck has improved sufficiently to leave the Lutheran hospital.

The footbridge in Lawton park is being torn out to be replaced by a new bridge.

Branch 370, L. C. B. A., will hold a meeting on Friday night instead of this evening.

Rev. W. D. Parr, of Kokomo, former pastor of Wayne Street M. E. church, is in the city, a guest at the Anthony.

S. B. Bechtel, H. J. Grosvenor, H. M. Bowser and Leland F. Johnson, of the Bowser company, left today on a business trip to Detroit.

George Geake, one of Fort Wayne's most remarkable young singers, will do solo work in the minstrel performance to be given at the Majetsic on Saturday night by the Electro-Technic club.

Mrs. Henry Bastian, of Fisher Creek, Alberta, Canada, who was taken ill while in the city on a visit to her aunt, Mrs. L. Soest, has recovered from an operation performed at the Lutheran hospital.

Mrs. Jennie Bricker, of Oliver street, has received word from Cadillac, Mich., of the serious illness of her daughter-in-law, Mrs. Frank L. Bricker. Mrs. Bricker is quite well known in this city.

Rev. Father P. F. Roche, pastor of the Cathedral, who has been very ill at St. Joseph's hospital, was at his own request removed to his home at the Cathedral parish house yesterday afternoon. There is little change in his condition.

The Ladies' Hebrew Benevolent association will hold a special meeting tomorrow afternoon at 2:30 o'clock at the residence of Mrs. Ben Lehman, of West Wayne street. The society will take action with regard to making a donation to the playground movement.

In a brief message to Rev. Father Miller, secretary to Bishop Alerding, is conveyed the information that Mr. and Mrs. Max B. Fisher and Mr. and Mrs. Louis Fox, who are now touring Europe, were recently given audiences by Pope Pius X. The travelers on leaving Fort Wayne carried letters from Rt. Rev. Bishop Alerding to the holy father.

Miss Annie Klingensmith, former primary supervisor in the Fort Wayne schools, who recently submitted to a surgical operation at St. Joseph's hospital, was able to leave the institution yesterday and will spend some weeks recuperating at the home of her cousin, J. E. K. France, on South Harrison street. Miss Klingensmith is now assistant superintendent of schools at Gary.

Fish dinner tomorrow at the Hof Brau, 1 to 2. 25c.

CITY COUNT COMPLETED.

Census Enumerators Ended Canvass at Noon Today.

Census enumerators who have been engaged since April 15 in counting the population of Fort Wayne completed their work at noon today and are turning in their reports to Supervisor Sale.

While the canvass is ended, if there is anybody who has not been listed, Mr. Sale desires the fact reported to him at the postoffice building before the close of the present week. The supervisor believes the work of census-taking to have been exceptionally well done, yet it is not impossible that in rare instances there may have been omissions, and he is anxious to have all of these reported at once.

BEDECK GRAVES OF DEAD KNIGHTS TEMPLAR

Fort Wayne Commandery in Its Observance of Ascension Day.

Graves of eighty-six Knights Templar dead in Lindenwood cemetery were bedecked by the members of Fort Wayne commandery No. 4 this morning as a part of its usual observance of Ascension Day. The knights under Eminent Commander Albert E. Carroll went to Lindenwood in a body, and above the grave of each deceased Knight Templar was placed a potted plant, an evergreen cross and cut flowers. This is in accordance with an unvarying custom of the Knights Templar.

Further observance of Ascension day by the fraternity will occur at the Scottish Rite cathedral at 8 o'clock this evening in conjunction with Emanuel chapter, Rose Croix. The regular Knights Templar service will be used, and Rev. J. K. Cecil, of the First Methodist Episcopal church, will deliver the sermon. The service is open to all Masons and their families.

A CHEMIST'S OPINION ON SKIN DISEASES.

Meyer Bros. Co., the chemists and druggists, say that in all their scientific and business experience they have never found any remedy so successful as ZEMO for the treatment of Eczema, Itching Skin Diseases, Dandruff, Pimples, Blackheads and all diseases of the skin and scalp. They say that not only do its curative qualities make it popular, but also the fact that it is a clean, liquid remedy for external use. A wonderful improvement over the old greasy salves and lotions which are not only unpleasant to use but do not destroy the germ life that cause the disease. ZEMO draws the germs to the surface and destroys them, leaving the skin clear and healthy. Can be used freely on infants. Meyer Bros. Co. will gladly supply those who call with a free sample bottle of ZEMO and a booklet which explains in simple language all about Skin Diseases and how to cure yourself at home with ZEMO.

INVITING SPEAKERS.

Labor Day Committee is Preparing for Celebration.

The Labor day committee held a meeting Wednesday evening at the office of the Labor Times-Herald and extended formal invitations to the speakers determined upon for the annual observance of Labor Day.

The committee voted some time ago to return to the old-time form of celebration, with a parade and picnic, probably at Swinney park, but the picnic will close at about 6 o'clock p. m., and there will be no evening program.
